

SAND PRODUCTS CORP. of 2489 First National Building, Detroit, has suspended operations for the winter on development of a sand supply facility near Brevort in Mackinac County, on the shore of Lake Michigan. This view is of equipment idle for the cold months after working on an access road from U. S. 2 to the beach. Plans are for a harbor at the site to ship the sand by lake vessels. The sand would be used for construction and other industrial needs. (Daily Press Photo)

Rocky Won't Order Guard Garbagemen

NEW YORK (AP) — Gov. Nelson A. Rockefeller today pressed his effort to end the now politically entangled sanitation strike without a National Guard call-up as the massive garbage pile-up grew and health and fire hazards mounted.

Holding out against Mayor John V. Lindsay's repeated pleas for a guard call-up, the governor accused the mayor of a breach of position in the strike and began new talks to seek a permanent solution to the crisis.

As the deepening division between the two Republicans became apparent, there was new urgency for a settlement in the disruption of private trash collections throughout the city.

This added 5,000 tons to the daily accumulation.

Streets Littered

With the city already inundated by 80,000 tons of rotting garbage and refuse, Rockefeller said in a television address to the city's eight million people that he would call out the National Guard "if necessary."

On some streets bagged and unbagged garbage—coffee grounds, beer cans, gobs of rotting, stinking food—was stacked or strewn in doorways, inside abandoned buildings, atop parked cars or kicked along sidewalks.

Rockefeller said that ordering

House OKs Boost In Drug Abuse Penalties

LANSING (AP) — A bill increasing penalties for sale and possession of certain "minor" drugs won easy House approval Friday after a two-hour debate over the issue of mandatory minimum jail sentences in criminal cases.

The measure passed 77-9. It boosts the maximum penalty for abuses involving such drugs as barbiturates and amphetamines from 90 days and \$100 to one year in jail and \$500.

Violations involving such drugs as heroin and LSD, which are felonies, would not be affected by the House bill, which now goes to the Senate.

Rep. E. D. O'Brien, D-Detroit, raised the thorny question of minimum jail terms—one certain to appear often in this year's legislative session—with an amendment to the bill requiring a violator to spend at least 30 days in jail.

Earlier in the day, O'Brien introduced a package of bills setting four-year minimum sentences for various felonies. He said judges who refuse to put

Crews Boosted; Rail Strike Ends

ST. LOUIS (AP)—The Brotherhood of Railroad Trainmen's strike against three major railroads has ended with the railroads agreeing to increase the size of 50 per cent of the train crews.

The railroads retained the right to negotiate the issue of the remaining crews.

The union struck the Missouri Pacific and the Texas & Pacific Monday and the Seaboard Coast Line the next day in a fight over the number of men assigned to operate trains.

The railroads called the walk-out an attempt at featherbedding. The union said the matter of safety for trainmen and the public was involved.

The railroad officials say they expect operations to be back to normal by tonight.

Both Brotherhood President Charles Luna said the strike outcome "demonstrates that collective bargaining will work if the principals to the dispute are given the opportunity to work out their problems face-to-face without influence of others."

The memorandum of agreement, which ended the strike, was negotiated in Jacksonville, Fla., where President Downing

Vance Trip Raises Hope Of Pueblo Crew Release

Bomb Haiphong After Month Of Lull For Peace

SAIGON (AP) — U.S. warplanes raided the Haiphong area Friday for the first time in a month, apparently ending a bombing restraint ordered by President Johnson while American officials looked into peace prospects.

Secretary of State Dean Rusk indicated that the peace probe ended after the Communists launched their biggest offensive of the war Jan. 30.

Fighting from that Red campaign against major South Vietnamese cities has died out in all but Hue and Saigon, where the allies reported some success in efforts to clear out Communist-held areas. U.S. Marines managed to bring a truck convoy into Hue today for the first time since last Saturday.

The U.S. Command said the Communist death toll climbed by 1,085 Friday, reaching a total of 27,706 since Jan. 29. The allied death toll was reported as 2,707, including 920 Americans, 1,733 South Vietnamese and 54 other allies.

Sight Red Bombers

Besides reporting the air raid on Cat Bi, four miles southeast of Haiphong, U.S. spokesmen gave a delayed report which confirmed the presence of Soviet-built IL28 twin jet light bombers in North Vietnam.

Air Force fighter-bomber crews said their bombs hit near the IL28s in a raid Thursday on the Phuc Yen airfield 18 miles northwest of Hanoi. The Air Force had reported several months ago it believed North Vietnam had six IL28s.

Hit Airfield

The raid at Cat Bi was the closest to Haiphong or Hanoi in more than a month. U.S. officials in Washington said the President had banned bombing in the immediate areas of those key cities while the United States looked for signs that the Hanoi government would respond by leveling off military activity to open the way for peace talks.

Jury Convicts Father Groppi

MILWAUKEE, Wis. (AP) — The Rev. James E. Groppi, a firebrand priest prominent in a nonstop campaign for a strong, city-wide open housing law, faced a possible fine or jail term today after being convicted of resisting arrest.

A 12-member Circuit Court jury that included one Negro returned the verdict against the white, Roman Catholic cleric Friday after two hours and 35 minutes of deliberation.

Judge F. Ryan Duffy, who set Monday as the sentencing date, could impose a maximum penalty of a \$500 fine, a year in jail or both.

Father Groppi, adviser to the Milwaukee Youth Council of the National Association for the Advancement of Colored People, was arrested Aug. 31 as he marched with open housing supporters toward City Hall.

The march was in violation of a short-lived ban on demonstrations imposed by Mayor Henry Maier.

The priest, who testified in his own defense Friday, denied he cursed or kicked anyone. He said he "wiggled" his foot.

The mayor lifted his march ban two days after the priest's arrest.

AFL-CIO Backs Open Occupancy

LANSING (AP) — The Michigan AFL-CIO told legislators Friday it favors a statewide open housing law that would include revoking licenses of real estate brokers who discriminate in the sale or rental of property.

The labor organization outlined its stand in a four-page position paper on current issues sent to state senators, representatives and AFL-CIO members.

"The selling or renting of all housing should be on a non-discriminatory basis," the AFL-CIO said. "Real estate brokers who violate this provision should have their licenses revoked."

"We are strongly in favor of the immediate enactment of tenants' rights and code enforcement legislation."

An open housing measure now pending in the Senate does not include provisions for revoking brokers' licenses. Tenants' rights and code enforcement bills currently are in legislative committees.

The AFL-CIO suggested that "a great deterrent to discrimination in job opportunities would be legislation enacted requiring employers to report job openings with the employment service of the Michigan Employment Security Commission."

There still is room for improvement of benefits in the Unemployment Compensation act, the organization said.

"Special emphasis should be placed on training and re-employment for industrially displaced workers. Elimination of the waiting week in Unemployment Compensation for laid-off workers should be accomplished."

Yes Votes Added

ROCHESTER (AP) — A recount of a Jan. 15 vote on incorporating Avon Township into a city gave those in favor of the proposal one more vote and those opposed one less. The recounted vote was 1,381 for and 1,329 against.

Curfew Quiets Student Riots

ORANGEBURG, S.C. (AP) — A dusk-to-dawn curfew and the exodus of students from two predominantly Negro colleges Friday night brought Orangeburg its first racial peace in five nights.

Previously, three Negro students had been killed and 50 persons injured in violence touched off by attempts to integrate a bowling alley.

In ordering the curfew, Gov. Robert McNair blamed the trouble on "Black Power advocates who represent only a small minority of the total student bodies at South Carolina State College and Claflin College."

In New York, the Student Nonviolent Coordinating Committee (SNCC) referred to the violence in South Carolina as the "Orangeburg Massacre" and threatened revenge.

The chairman, H. Rap Brown, said, "If we seek redress of our grievances through peaceful and so-called legal means, we will be shot down and murdered."

"If we must die, let us die with the enemy's blood on our hands... let us die like men, fighting back."

From 5 p.m. Friday when the curfew went into effect, streets in the city of 17,000 were virtually deserted except for police and National Guard units. In places of business, including drugstores and service stations, were closed until dawn.

Although virtually all students at the colleges had left for their homes before nightfall, the two adjoining campuses were sealed off by state patrolmen and guardsmen armed with rifles and bayonets.

Only one incident was reported Friday night. Henry Lake, the governor's representative in Orangeburg, said four shots were heard by firemen who went to a grass fire on U.S. 601 a mile away from the colleges. No one was injured.

Violence began Monday night when a group of Negroes tried to enter the bowling alley which they have been attempting to integrate for eight months.

They were refused admission and began marching through Orangeburg's downtown area, smashing store windows and overturning automobiles.

Urge River Job

WASHINGTON (AP) — The Army Corps of Engineers has recommended that the Trenton channel of the Detroit River undergo major improvements which would cost the federal government an estimated \$31.3 million. The Corps' report will go to the Board of Engineers for Rivers and Harbors in Washington for review.

Romney Urges Nixon To Offer Peace Plan

By The Associated Press

Michigan Gov. George Romney says Richard M. Nixon has not offered a Vietnam peace proposal and urges him to do so. Nixon says peace is possible only through continued—but not escalated—military pressure.

"Mr. Nixon has no peace program other than to keep slugging it out," Romney told voters in Wisconsin Friday. And, Romney said, neither the Johnson administration nor Sen. Robert F. Kennedy, D-N.Y., has a peace program.

Nixon, Romney's rival for the Republican presidential nomination, did not comment directly on Romney's attack but he discussed Vietnam, too, while campaigning in Colorado.

He said he thought peace in Vietnam is possible "only through keeping on the military pressure, not escalating it."

LBJ Trigger Happy

Romney said his plan for guaranteed neutralization of Vietnam, Laos and Cambodia would stress a political-social offensive to win the support of the people. He said the guar-

anteed neutralization of the area can be attained because the United States and the Soviet Union are interested in keeping Communist China out of Southeast Asia.

Romney said the Johnson administration was "trigger happy" in the initial phase of the war. And, Romney added: "The President made the basic decisions but my opponent has been supporting him right down the line."

Write-In Okayed

Romney and Nixon are the major GOP candidates in the March 12 New Hampshire presidential primary but a court decision there could pave the way for write-in campaigns on behalf of such Republicans as Gov. Nelson A. Rockefeller of New York and Gov. Ronald Reagan of California, as well as Kennedy on the Democratic side.

The New Hampshire Supreme Court ruled the written consent of a potential candidate isn't required by backers who want to conduct write-in campaigns.

The decision concerned the case of Eugene Danieli Jr., a Kennedy backer. But it also apparently would clear the way for Rockefeller and Reagan backers to launch write-in campaigns.

Worth Sacrifice

All three say they aren't candidates for president, and Rockefeller says he's for Romney.

A Kennedy spokesman said the senator had written to Danieli urging him not to put his name on the ballot and that a personal plea to Danieli was made by Theodore C. Sorensen, former adviser to President John F. Kennedy and President Johnson.

In Dallas, Vice President Hubert H. Humphrey told Democrats that while Republicans express support for civil rights, education and welfare, "it fails to give them support. Those of the opposition have already renewed their familiar refrains of 'me too,' 'enough for now' and 'time for a pause,' he said."

And Humphrey said, "peace and freedom are worth the sacrifice we may sometimes be called on to make."

Fifth Meeting At Panmunjom Lasts 3 Hours

SEOUL (AP) — Hopes rose again today for the release of the Pueblo crewmen with the conclusion of the fifth private meeting between U.S. and North Korean officials and the impending arrival of U.S. trouble-shooter Cyrus Vance. North Korea has held the crewmen 17 days.

The talks at Panmunjom today lasted three hours, the longest session since talks began eight days ago. American officials were silent on what took place but the speculation in Seoul was that both sides settled "final procedural matters" for the release of the one dead crewman and three injured men.

The talks were between U.S. Rear Adm. John V. Smith and North Korean Maj. Gen. Park Choong-kook, informed Korean sources said.

Wants Troop Control

Sources also said that South Korea is expected to inform Vance that it wants to take back operational control of South Korea's 600,000-man armed forces. The United States currently has control of these forces under the auspices of the U.N. Command.

The present treaty stipulates that the United States act to meet the common danger in accordance with its constitutional process. This, the South Koreans feel, might delay initial U.S. military action if the Communists renew hostilities.

Foreign Minister Choi Kyuhah said Friday his government is more concerned about fundamental security arrangements against the Communist threat than about the \$100 million special fund for Korea that President Johnson has requested from Congress.

Mollify Park

Smoothing things over with South Korean leaders in seen as a major—though unannounced—purpose of Vance's visit. The South Koreans have been piqued by what they regard as the U.S. stress on the Pueblo incident and relative inattention to the Communist guerrilla attempt on the life of President Chung Hee Park.

The White House said Friday that Vance was going to Seoul to see Park about "the measures to be taken by our two governments to deal with a North Korea suddenly grown more pugnacious."

There have been calls from Korean legislators and student demonstrators for a firmer U.S. stance toward the Communists.

MIGs Over Ship

In a development from Washington, U.S. officials disclosed that eight Communist MIG jet fighters were overhead during the seizure of the U.S. electronic intelligence gathering ship Jan. 23. The officials also said that by piecing together various scraps of intelligence they have determined that numerous shots were fired across the Pueblo's bow before she was halted.

Contradicting earlier U.S. statements that the Pueblo had observed radio silence from Jan. 10 to Jan. 21, the officials said the ship transmitted a routine radio message on Jan. 20—three days before her capture—indicating that she was outside North Korea's 12-mile limit.

North Korea has demanded an American admission that the Pueblo violated Communist territorial waters, an apology and a promise that it won't happen again. The Communists say this is a prerequisite for the crew's release.

Racket Busters Formed At Flint

FLINT (AP) — Genesee County Prosecutor Robert F. Leonard announced the formation of a "Metropolitan Organized Crime and Antiracketeering Force."

Leonard said Friday the force's operations won't jeopardize the autonomy of the 21 law enforcement agencies in the county now. He said the force will pool resources of the agencies.

Leonard said he has been told by the U. S. Justice Department that the force will be the first of its kind in the country.

\$400,000 Deficit Looms If School Millage Fails

The Escanaba Area public schools without passage of a seven mill tax proposal Feb. 20 — or at another election later this year — may be faced with an operating deficit of over \$400,000 for the 1968-69 school year, according to figures released by Supt. of Schools Luther M. Barrett and the Board of Education.

School administration estimates indicate that the total revenue available to the school district this year, based on current allocation and state aid rates, will be about \$2,210,718. This would include \$381,600 in local allocated millage, \$397,500 in present extra voted millage, \$60,000 from miscellaneous local sources, \$1,157,664 in state aid, \$60,000 in transportation aid, \$53,954 aid for special education, \$13,500 for driver education, \$3,000 for vocational education and a total of \$83,500 from federal sources.

Tentative Budget
A tentative budget for the 1968-69 school year based on current salary schedules and reflecting program and building needs of the school district, however, calls for expenditures of \$2,533,482.

The figures show expenses of \$322,764 in excess of revenue and coupled with a \$90,000 carryover deficit from this year's operations would leave the Board of Education about \$42,764 short.

"It should be pointed out that many of these figures can fluctuate either up or down," the Board emphasizes in its fact sheet on the election.

"Allocated millage can change according to the amount of millage allocated by the County Tax Allocation Board thus

spring," the statement continues. "All amounts from the state can be altered by either action of the legislature or the amount of money available in certain earmarked funds. Fluctuation in valuation figures of the district can affect local income...."

"And it should be pointed out that the proposed budget is based on present salary schedules before negotiations. There will be negotiations this spring with both the teacher group and the non-teacher group. Settlements will affect budgetary needs."

According to the Board of Education, the estimated 1968 tax valuation of the district is \$53,000,000 — an increase of some \$800,000 over last year's figures.

Using this valuation, it would take 1.69 mills to make up this year's deficit and another 6.09 mills to balance the proposed budget.

Change Possible
The Board points out, however, that an increase in the state aid formula and possible improvement in the allocated millage is hoped and the total of 7.78 mills to balance the budget has been trimmed to 7.0

Food Allowance Hike For Elderly By State Urged

LANSING (AP) — Terminating the present allowance "totally inadequate," the Michigan Commission on Aging has asked the Legislature to increase the monthly food allowance for those on Old Age Assistance.

The commission suggested a hike from \$1 to \$1.43 a day—or \$30.10 to \$43.10 a month.

The present allowance, the commission said, is based on 1957 food budget figures and was last changed in 1961.

The commission said 52 percent of those on old age assistance also receive Social Security payments and much of the increased budget would be supplied by this increase. State funds would only be needed by those who do not receive social security payments.

It was estimated the increase would cost the state \$1.7 million a year.

"Again it should be pointed out that this is before negotiations," the Board continued. "The affect of these negotiations could be that an operating deficit is continued, or reductions in other costs in the proposed budget made, or both."

Reason for requesting the seven mills for only two years is that Escanaba is experiencing an industrial growth period and that in two years the tax base may have increased to allow less than seven mills to support the school program.

George Farley Taken By Death

George Farley, 71, of Garden, Mich., died at 10:15 a.m. Friday at his home. He was born May 2, 1896 in Garden and had resided there all of his life.

He was married to the former Ora Guertin on Jan. 7, 1918 in Garden. Mr. Farley was a member of St. John the Baptist Church of Garden and the Manistique K. of C. Council 2066. He was the proprietor of Farley's Garage in Garden for many years.

He is survived by his widow; two sons, Larry of Utica, Mich. and Wayne of Tucson, Ariz.; four daughters, Mrs. Robert (Priscilla) Legault of Munising, Mrs. Heinz (Mae) Strobel of St. Clair Shores, Mich., Mrs. Walter (Muriel) Whitman of Manistique and Mrs. James (JoAnn) Theisen of Salt Lake City, Utah; one brother, Aldred of Manistique; four sisters, Mrs. Hattie Winters and Mrs. Blanche Jacques of Garden, Mrs. Lucy Purtil of Manistique, Mrs. Leslie (Madge) DeVet of Fayette and 14 grandchildren.

Friends may call at the Messier-Broulliere Funeral Home in Garden after 3 p.m. Monday and the K. of C. Rosary will be recited at 7 p.m. followed by the parish Rosary at 8 p.m. Funeral services will be conducted at 10 a.m. Tuesday at St. John the Baptist Church with the Rev. Joseph Callari officiating and burial will be in the New Garden Cemetery.

A CHECK representing the cost of new American and Troop flags purchased by Escanaba River Post 115, American Legion, for Boy Scout Troop 473 was presented this week by Eugene C. Beck, 11th district Legion commander, to Troop Scoutmaster Francis Lancour. This week is Boy Scout Week, marking the 58th anniversary of scouting.

Private Schools Save Taxpayers \$200 Millions

LANSING — Michigan's non-public schools are saving the state's taxpayers more than \$200 million this year, the Michigan Association of Non-Public Schools reports.

That's what it would cost in state and local taxes to educate the estimated 333,000 boys and girls who attend Michigan's nearly 1,000 non-public schools.

Dr. John Choitiz of Detroit, Association president, said the

Inventor Still Going; Now 88

PONTIAC (AP) — It was 72 years ago when Peter Daubenspeck took out his first patent. He was 16 then. Today he is 88 and hasn't stopped inventing.

Daubenspeck, of Pontiac, recently patented a dual-compartment wash pail that keeps dirty water from the clean. At 16, while in the oil-well country of Butler, Pa., he took out a patent on a deep well drill.

In 1927 he came to Pontiac where for many years he supplied retailers with store equipment. He began tinkering around the house at age 75 and his daughter, Mrs. Sherman Dyson, says he has never retired and probably never will.

His latest invention will be manufactured by a Grand Rapids firm. But Daubenspeck says he has other inventions in the works.

"No matter what your age may be," he says, "despite poor health, lack of education or discouraging financial conditions, you've still got a brain and there's no reason why you shouldn't keep it busy."

Rock

LEGION AUXILIARY
The Rock American Legion Auxiliary will meet Tuesday, Feb. 13 at the Rock Lions Clubhouse at 8 p.m. Candidates for Girl's State will speak briefly on why they would like to attend Girl's State in June. They are Debbie Kivela, Eileen Kaukola and Suzie Leach.

The Rock 4-H members will meet at the Rock Lions clubhouse Wednesday, Feb. 14 at 7 p.m. for the monthly meeting. New 4-H Youth Agent, David van Zon, will be a guest. The local 4-H show and County Achievement Day will be discussed.

Mr. and Mrs. Mike Foreberg and family of Powers visited the Francis Trombly family over the weekend.

Hospital
Mrs. John Maki, the former Martha Lappi of West Rock, has been hospitalized for four months with a broken hip and is expected to remain at the Medicare Hospital, Crystal Falls, for another two months.

Walter Smedberg is a patient at St. Francis Hospital.

Mrs. Reino Niemela was taken to St. Francis Hospital with the Rock Community ambulance on Tuesday night.

Mrs. Ben Lippens returned home Tuesday after having surgery at St. Francis Hospital the previous week.

Midland Bridge Unsafe; Closed

MIDLAND (AP)—The Benson Street Bridge across the Tittabawassee River was declared unsafe and closed to traffic Friday. Experts were called in to determine if the bridge, some 70 to 75 years old, can be repaired.

The span is one of two leading into the downtown business area of Midland. A new bridge is being built across the river and is scheduled to be opened next fall.

Woods Worker Insurance Cost Reduction Sought

The very high cost of workmen's compensation insurance on loggers in Michigan will be subject of an exploratory conference in the State Capitol at Lansing at 2 p.m. Monday, announces Senator Thomas Schweigert (R-Petoskey).

Schweigert called the conference, in cooperation with David Dykhouse, state insurance commissioner, and William Wickham, of the Michigan State Chamber of Commerce.

Upper Peninsula representa-

tion will include Merton Jensen of the Sawyer-Stoll Timber Co., and Alfred Trout, supervisor of the Hiawatha National Forest, both of Escanaba.

Present will be Northern Michigan's legislators, members of the wood industries, officials from the Michigan Insurance Rating Bureau, the state insurance commissioner, legal personnel from the State Chamber of Commerce and members of the insurance industry.

"We hope," said Schweigert "in an assemblage of knowledgeable persons to determine whether there is possibility for a meaningful answer to the problem of workmen's compensation rates covering woods workers."

Michigan compensation insurance on woods workers is now required by state law where loggers hire one or more persons and the rates in Michigan are about double those in Wisconsin, where the Upper Peninsula sells most of its pulp-

wood. This puts Michigan wood producers under a serious cost handicap in competition with Wisconsin.

The insurance cost of comp in Michigan is about \$28 per \$100 of payroll and in Wisconsin it is \$13.

Michigan's compensation benefits have increased 80 percent in the past 12 years. If the insurance cost has increased proportionately it would be in excess of \$30 per \$100 today. Wisconsin has been able to reduce its losses faster than its rate of benefit increase to keep comp costs under control.

In Wisconsin the cost of "serious cases" (fatalities and permanent disabilities) on which 1967 rates were based was \$34,586, while in Michigan this cost was \$496,706 and in Minnesota it was \$311,111. Rising hospital and medical care costs have also contributed to the increasing cost of insurance on woods workers says The Timber Producer.

Arthur DeCamp Dies On Friday

Arthur J. DeCamp, 87, a long time Stephenson Township farmer, died at 1 p.m. Friday at the Pinecrest Medicare Center where he had been a patient for the past two weeks.

He was born June 28, 1880, in Brussels, Belgium and came to the United States with his parents when he was six weeks old. He lived in Stephenson for a number of years before moving to Kenosha, Wis. He was a resident of the Bishop Noa Home for about three years before his last illness.

He married the former Josephine Longie on Sept. 16, 1902 in Stephenson and she preceded him in death on Aug. 22, 1960.

Survivors include six sons: Charles of Menominee, Clement and Arthur Jr., of Escanaba, Francis of Kenosha, Wis., William of Bottonville, Wis., and Orville of Wallace, Mich.; two daughters, Mrs. Alvin (Iva) Ness of Escanaba, and Mrs. Chester (Margaret) Curran of Kenosha, Wis., 17 grandchildren, and 23 great grandchildren.

Friends may call at the Diehm Funeral Home in Stephenson beginning at 3 p.m. Sunday. The parish Rosary will be recited Sunday at 8 p.m. Funeral services will be conducted Monday at 10 a.m. at the Church of the Precious Blood in Stephenson with the Rev. Msgr. Glen E. Sanford officiating. Burial will be in the Stephenson Township Cemetery.

Choose Musical

MARQUETTE — "Stop The World — I Want To Get Off," one of the biggest theatrical hits in the U. S. and Europe, has been selected as this year's all-university musical show at Northern Michigan University. It is scheduled to run six days, April 4, 5, 6, 8, 9, and 10, in the 550-seat Little Theater. Tickets will go on sale March 16.

League Supports School Millage

Mrs. Robert Mosenfelder, president of the Escanaba Area Board of Education will speak to a combined meeting of the morning and evening units of the Escanaba League of Women Voters next week.

She will discuss school operation and financing, with special emphasis on the implications of the millage proposal that will be voted on Feb. 20. The Escanaba Board of Education is asking voters of the school district for seven mills for two years.

The Escanaba League is in the process of updating and revising its handbook on local government, Know Your Town. This discussion on the schools will be the first in a series of interviews and meetings on various aspects of community life covered by the handbook. Mrs. James Wren is chairman of the Know Your Town Study. Her committee includes Mrs. Raymond Godmer, Mrs. John Lamse, and Mrs. Charles Harper.

The meeting will be held at the Chamber of Commerce Building in Escanaba on Monday, Feb. 12 at 8 p.m.

On Tuesday, Feb. 6, the Escanaba League Board passed a resolution in support of the millage proposal.

The Escanaba League has long supported adequate financing to meet the needs of the Escanaba Area Public Schools. A league study indicated ad-

equated financing should be measured by the following standards:

1. Buildings should provide adequately for the health and safety of all children.

2. Should be adequate as to size and location so that each child in an elementary grade may attend school in his own neighborhood attendance area.

3. Elementary buildings should provide facilities for equal opportunities for children regardless of where they live within the school district.

B. Program.

1. Salaries for teachers should be adequate to attract and retain qualified teachers in competition with other school districts in the state.

2. In addition to basic program, adequate financing should provide special help for "children in trouble," including, in addition to present special education services: reading consultant, speech therapist, attendance officer, visiting teacher, family life counseling, and additional ungraded rooms.

The Escanaba Area Public School District recently completed an expansion program. Three new elementary schools have been constructed, and additions to three other schools in the district have been made.

Services Held Wednesday For Mrs. Gunderman

Mrs. Daniel H. Gunderman, 84, of Marensico died Sunday, Feb. 4 at her home. The former Adeline Proconier was born Oct. 14, 1883 at North Star, Mich. She had lived at Rapid River, Escanaba and Even, before moving to Marensico in 1929. Her husband Daniel died in 1959.

She is survived by three daughters and three sons, including Kenneth L. Gunderman of Lansing, former editor of the Escanaba Daily Press, 16 grandchildren and 24 great grandchildren.

Funeral services were held Wednesday from the Marensico Presbyterian Church with the Rev. James Lumsden officiating.

MEA Conference To Be Discussed By School Board

The Escanaba Area Board of Education is expected to give approval for use of school facilities for the Michigan Education Association Conference next Oct. 3-4 at its regular meeting at 8 p.m. Tuesday at the school administration building.

Escanaba has been selected as host community for the annual teacher program. Consideration of allowing use of school facilities is one of six items listed for action by Supt. Luther M. Barrett on the meeting agenda.

The Board will also review recommendations from its scholarship committee, considering employment of a new teacher, granting of diplomas and an Education Planning Council. Barrett also has several other items listed for discussion.

Officer Promoted

The Lansing Police Department has promoted Wesley Hoes, 33, from corporal to the rank of sergeant. He has been nine years with the department and has been their training officer for the past few years.

Sgt. Hoes is the son of Mr. and Mrs. Fred Marenger of Gladstone Rte. 1. He is a 1953 graduate of the Escanaba High School, and his wife is the former Barbara Jensen, the daughter of Mr. and Mrs. Roy Jensen of Escanaba.

He was the Lansing Police Department's first training officer and performed the duties alone until the formation of the new division.

Sgt. Wesley Hoes

Big Boy Group Acquires RoBee's

The Marriott restaurant, motor hotel and food service chain, owner of the Big Boy restaurant group, has acquired the RoBee's roast beef fast-food franchise organization.

Marriott will give present owners of Big Boy outlets the first opportunity to acquire RoBee's franchises in their areas. Participating in the negotiations which led to Marriott's acquisition of RoBee's were Fred, John and Louis Elias, owners of Big Boy restaurants throughout Michigan. The RoBee's chain, headquartered in Fort Wayne, Ind., was founded in 1967 by a group of Big Boy franchisees who operate more than 300 Big Boy restaurants. There are at present 13 RoBee's outlets in operation in 6 states.

Although both the word suit and suite may be applied to a set of furniture, suite is the usual term.

In Service

Dale L. Bjorkquist has been promoted to the rating of Specialist 5 in Viet Nam, where he has been serving with U.S. forces since March, 1967. He is the son of Mrs. Minnie Bjorkquist of 1019 Sheridan Road, Escanaba, and is a 1964 graduate of Escanaba Area High School. He is stationed in Thubai with the U.S. Army.

DDT Suspected For Coho Killing

LANSING (AP) — Pesticide poisoning appears to be the prime suspect in a major dieoff among young salmon being reared in Michigan hatcheries, the State Conservation Commission has been told.

Brad Durling, head of the Conservation Department's hatchery program, said scientists are not yet ready to pinpoint the blame.

But he said the deaths are similar to those among young trout in Canada, where DDT was blamed.

"DDT appears to be the prime suspect," said Commissioner Matt Laityla of Hancock.

Other commission members agreed.

"Some Coho fry hatched from eggs taken from Lake Michigan salmon last fall are showing typical symptoms of pesticide poisoning," said Ralph MacMullan, commission director.

350,000 To Die
Durling said deaths among young salmon still are being recorded at the department's Wolf Lake hatchery. He estimated 350,000 will die, about 25 per cent of the salmon at the hatchery.

Some 75,000 salmon deaths are expected at the Charlevoix hatchery and scattered deaths, with the same symptoms, have been noted at other hatcheries.

Durling reported the dieoff hits the fish just as they are about able to feed in the tanks. They go into convulsions, sink to the bottom of the tank and then die.

He reported that a possible virus disease, a bacterial disease or iodine or other deficiency have been nearly eliminated as causes of the salmon deaths.

DDT In Fish
The fish, he said, all are being reared from eggs taken from Lake Michigan and Lake Superior salmon. The Lake Michigan salmon, he said, are known to have one or two

parts per million of DDT in their systems.

A concentration of as little as four-tenths of one part of DDT per million was found to be fatal to some Canadian fish, such as trout.

One part per million was described as being as minute as one inch would be in proportion to 16 miles.

Durling emphasized this would not affect the 1.8 million salmon due to be released this spring.

Should Meet Quota
The fish affected all are being raised for release in the spring of 1969. Durling said it is planned to release some 4 million salmon next year.

Durling said a safety factor was figured in, so some 5 million young salmon were on hand for the rearing program. This should enable the department to meet the 4 million quota for 1969 planting despite the losses, he reported.

Wayne Tody, fish division chief, said that consulting engineers have drawn up plans for a \$4.7 million trout and salmon hatchery program.

Mackinac College Receives Assist From Shell, Inc.

Nine colleges and universities in Michigan will share in a \$2.7 million budget for aid to education as recently announced by the Shell Companies Foundation, Inc.

The University of Michigan and Michigan State University will receive Shell Aids of \$5,000 each in chemical and mechanical engineering and animal husbandry or dairy.

At the undergraduate level, Adrian College, Albion College, Calvin College, University of Detroit, Hope College, Kalamazoo College, and Mackinac College will receive Shell assists worth \$1,500 each to help with little things in the professional development of faculty members that are seldom covered by major budgets.

In addition to funds for education, the Foundation budget provides \$750,000 for Community Chest campaigns and United Fund drives. Other voluntary welfare agencies, usually national in scope, are budgeted for \$121,850. Arts, activities, such as libraries, museums and music and drama organizations, will share \$50,350.

The island of Puerto Rico is associated with the United States as a free commonwealth.

Strike Closes GM In Canada
DETROIT (AP) — A last minute agreement averted a walkout by 16,000 workers at General Motors' Pontiac Division Friday, but then the giant automaker was struck by 23,000 United Auto Workers in Canada.

An at - the - plant working agreement was reached in a 29-hour bargaining session between GM and the UAW at the company's Pontiac Motors Division at nearby Pontiac. They were within an hour of a strike deadline.

But when negotiators for the union and General Motors of Canada Ltd. were unable to reach agreement on a new national pact by midnight this morning, plants in six cities

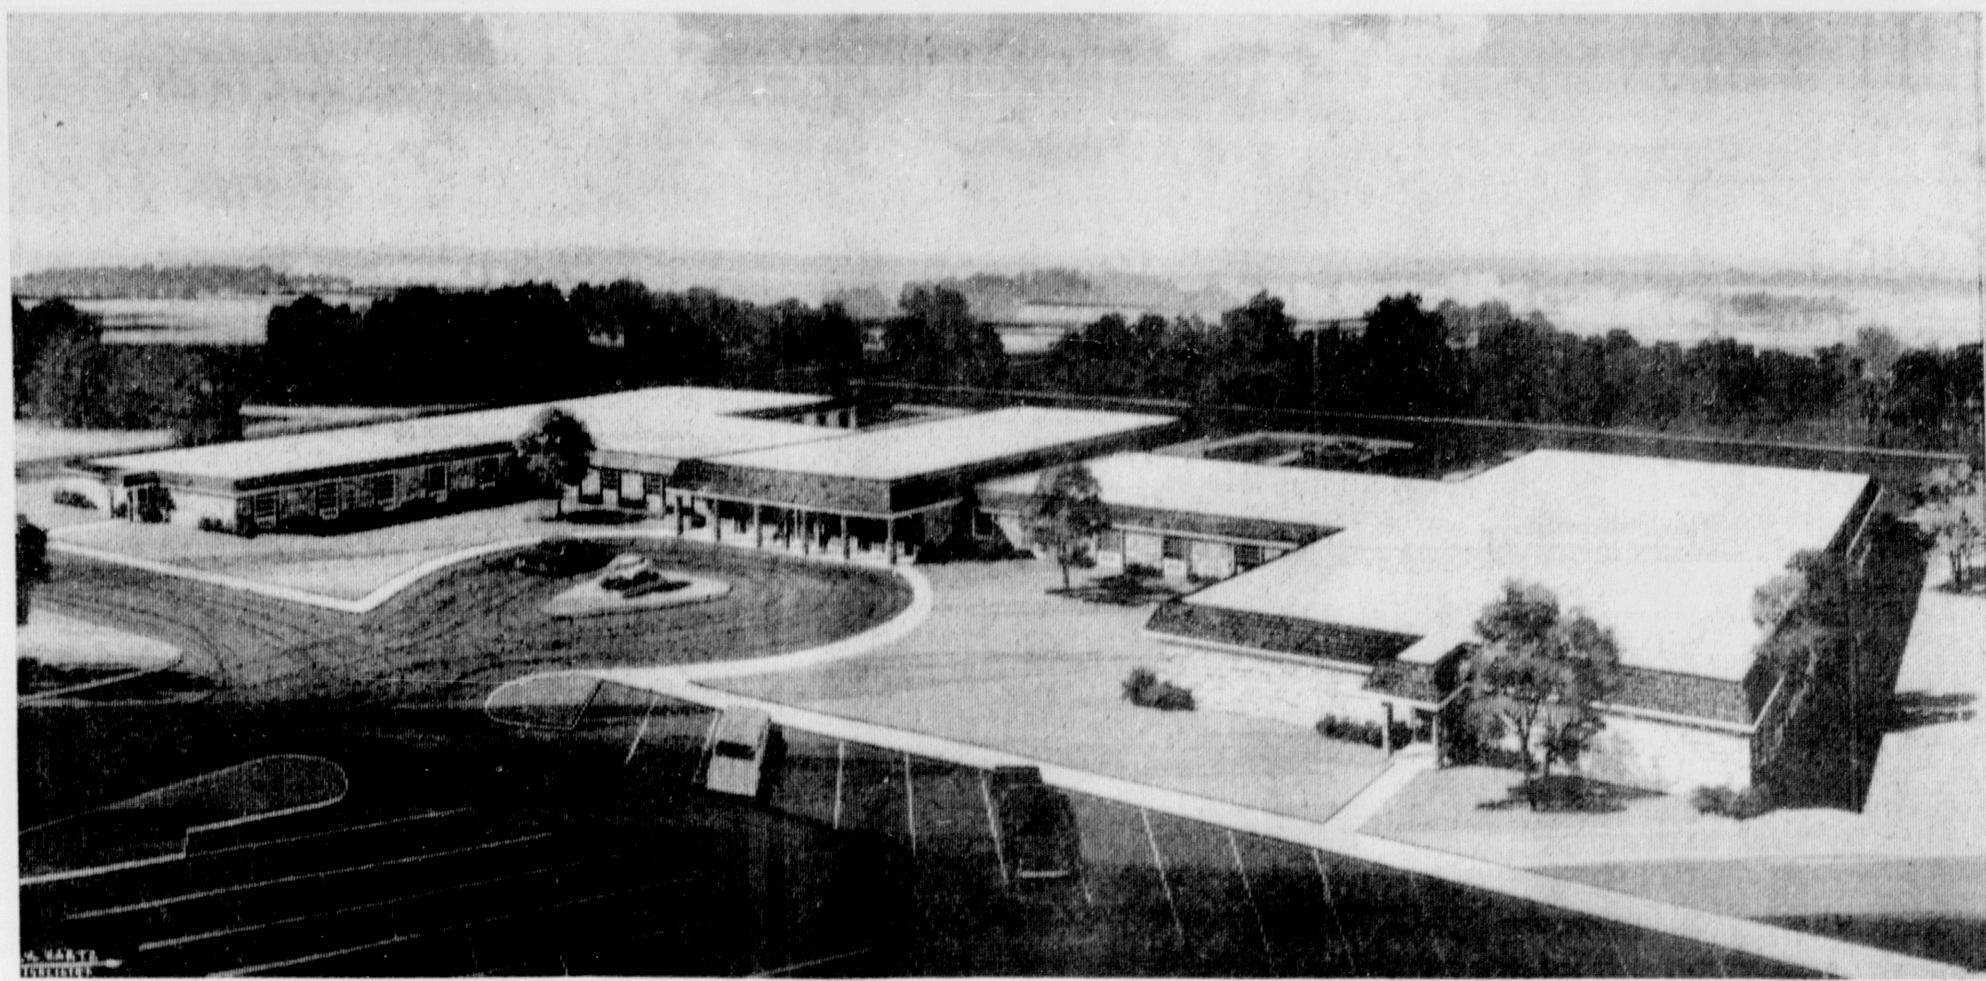

across the border when went on strike at 12:01 a.m. This deadline was set by the UAW a week ago.

More than 14,000, however, had jumped the strike deadline and already walked out of Canadian GM plants. Latest to leave were 1,800 at an assembly plant in St. Therese, Que.

Local agreements, such as that at Pontiac, supplement the U.S. national contract on which GM and the UAW reached accord in mid-December and which gives workers an estimated \$1 hourly gain in wages and fringe benefits spread over the next three years.

CLASSIFIED ADS COST LITTLE BUT DO A BIG JOB

What is regarded as America's first skyscraper was a 10-story building erected for a Chicago insurance firm in 1880.

WILLOW CREEK DEVELOPMENT CORP. today announced that plans for the Medicenter facility to be located at Doctor's Park have been approved by the State Health Department. The first phase — construction

of a unit of 64 beds — will cost an estimated \$540,000. Bids will be asked soon and ground will be broken this spring.

Plan \$540,000 Project:

Medicenter Facility Gets State's Okay

The construction of a 64 bed, \$540,000 extended care facility to serve the recuperative needs of the citizens of the Escanaba area is to begin this spring, it was announced today by the Willow Creek Development Corp.

The Michigan State Health Department has given approval to proceed with the working drawings, subject to minor changes which are being incorporated.

Plans are for a 120 bed facility, to be constructed in two phases. The first phase will be

New Rules Aid Disabled Under Social Security

The Escanaba social security office has begun search for scores of disabled people in the Escanaba service area according to Arnold T. Williams, manager. These disabled people, part of an estimated 165,000 nationwide, can become entitled to monthly disability payments because of recent changes in the Social Security law.

These changes provide for reduced monthly payments to a disabled widow at age 50 whose disability began before or within 7 years from her husband's death. Under the same conditions, a disabled widower is eligible, but he must establish that he had been dependent on his wife for his support.

Over half of the newly eligible people are young disabled workers who did not have sufficient work credits under the old requirement. Under the new provisions, a worker who became disabled before age 31 needs work credits for half of the time from age 21 to the time his disability began, with a minimum work requirement of one and one half years.

Copper Range Boosts Prices

NEW YORK (AP) —Copper Range Co., the first domestic copper producer to resume production since a nationwide strike last Aug. 31, announced a price increase Friday.

Copper Range said, effective Monday, the price will be an average of what the company charged on Aug. 31 and the price quoted by "Metals Week," a trade publication, for the weekly Europe CIF price, adjusted each Monday.

Copper was quoted by the company at 38 cents a pound Aug. 31 and by the metals publication at 57.85 cents a pound this past week. On that basis, the company's price of copper this week would have been 47.925 cents, an increase of nearly 10 cents a pound.

Copper Range began production of lake copper at its White Pine, Mich., facility Jan. 25.

Briefly Told
Richard R. Pepin, 19, of Gladstone Rte. 1, suffered minor injuries in a traffic accident at 3rd Ave. S. and 13th St. at 1:47 a.m. today, city police report. The car he was driving was struck by a car driven by Nolan G. Caswell, 18, of Gladstone Rte. 1, who was ticketed for failing to yield the right of way. Caswell's car then continued on and struck a fire hydrant.

Army Specialist 4 William J. Carlson Jr., 21, son of Mr. and Mrs. William J. Carlson, Munsing, received the Good Conduct Medal Jan. 27 while assigned to the 24th Infantry Division, Augsburg, Germany.

Army Specialist 4 Thomas W. Koski, 22, son of Mr. and Mrs. Nels H. Koski, Route 1, Rapid River, Mich., was assigned as a truck driver in the 8th Transportation Group's 27th Transportation Battalion near Qui Nhon, Vietnam, Jan. 26.

Army Private Gregory Niquette is assigned to Co. B, 12th Battalion, 3rd Brigade, at the Army Training Center, Armor at Fort Knox, Ky. Following the completion of basic training, Niquette, of R.R. 1, Bark River, will receive advanced instruction or on-the-job training.

People Should Get Desire On Deer: Madigan
The Northern Michigan Sportsman Association annual mid-Winter meeting Sunday Feb. 25, at the Negaunee Rod & Gun Club will compliment the Conservation Department on the success of the salmon and lake trout programs. "The introduction of these programs showed the department is looking ahead for our fishing recreation needs," said President Jack Madigan.

"Some of our Great Lakes fishermen don't like the idea of a license for the Great Lakes, but when they use department license revenue for stocking the lakes, I see no reason why we should not have a license to fish these waters."

"The new license will benefit the non-resident as he can now buy a one-day license for trout in the Great Lakes for \$1 and our senior citizens can get a seasonal license for 50c. The commercial fisherman and the Conservation Department have reached regulations satisfactory to both parties. Commercial fishermen should be allowed to operate as long as they don't impair sport fishing."

"Many sportsmen feel we should not have an antlerless deer season in the U.P. In most areas of the U.P., we have deep snow and hard winters and this combined with hunting pressure should keep our deer population low enough. An antlerless season every three or four years might be the answer."

"Our government is based on the principle of representation of the people and this means to give the people what they want. If enough people, not only hunters, but resort owners, citizens, and tourists, don't want an antlerless season we shouldn't have it. The deer just don't seem to be there anymore."

Ralph S. Kaziatek, General Manager Jean Worth, Editor

Good Thing Going

Senator Joseph Mack of Ironwood thinks he's got a good thing going for him in his deer policy. Frequently mentioned as a Democratic hopeful for Congress in the 11th District, Senator Mack has introduced a bill in the Legislature to put on the November ballot a proposal for outlawing the shooting of female deer.

If he prevails, voters will have a chance to elect a President and take a conservation exam in the same election.

While deer cannot vote, Mack plans to put them to work to get him elected. He's no newcomer to this strategy and it has done well by him.

His announcement states: "Senator Mack has made his position clear from the outset, having introduced various bills to abolish the practice every year since he was first elected to the Legislature. Most hunters and sportsmen have recognized Senator Mack as the leading spokesman in government advocating the abolition of the doe season."

Mack keeps insisting that the patient knows more than the doctor does when it comes to deer hunting. This is bad logic but good politics.

He's willing to forego the votes of the game wardens if he can get those of all the hunters and he's gambling that he can get most of the hunters to vote for a prohibition of doe shooting.

He's borrowed a classic phony argument: How can you have plenty of deer if you shoot the mothers? The answer, of course, is that you can't, if you shoot all of them.

The argument neglects the crucial factor of feed in deer plenty. It can be even more important than hunting.

The deer herd has diminished steadily since the doe season was inaugurated, says Mack. So he suggests a simple solution: End the doe season.

What's really needed to get back the deer plenty of the 1940s is to get back the lush young forests of that period. Failing that, we'd better shoot does, because there isn't enough natural feed for a huge deer herd in today's older forests and the lady deer eat just like the bucks; and they're just as subject to famine.

Mack asks a political answer to a complex conservation question and he wants to be politically identified with the process.

The men whom we educate in biology and hire to guide the state's deer management policy say Mack's way isn't the way to have the most deer. The herd should be managed, they say, to balance it with the feed available. That can't be done with no doe shooting.

Of course there aren't as many deer as there were. There aren't as many horses, either. Conditions have changed.

Mack says the herd has dwindled to "tragic proportions." It hasn't. Many more deer are killed in the Lower Peninsula than in the Upper Peninsula and after 15 years of antlerless deer killing there the buck kill is almost the same as the first year that does were taken.

Speedy

We weren't aware of it, but the highway patrol gentlemen aren't the only ones who keep tab on motorists' speeds. The Bureau of Public roads evidently has been doing it for years.

It reports that Americans are traveling faster than ever on the nation's open roads, mainly because there are more and more miles of four-lane freeways to go faster on.

According to study conducted by the bureau and state highway departments, the average speed of all types of motor vehicles — passenger cars, trucks and buses — was 53.7 miles per hour in 1966. This was nearly one mile an hour faster than the year before.

About 40 per cent of the vehicles were clocked at speeds of 60 m.p.h. or higher. The average speed of buses and cars was the same — 58.8 m.p.h. Average truck speed was 52.6 m.p.h., about 50 per cent faster than the average truck speed of 25 years ago — which will not surprise anyone who has tried to pass one lately.

Sophisticated defense doesn't always succeed against a sophisticated declarer. Jais and Trezel played on the French Team that won the 1960 Olympiad, but there was one hand in their match against one American team when their sophistication failed to pay off.

When North put down the dummy, he remarked, "I hope we haven't missed a grand slam." The nameless American expert who was declarer replied, "I know all about those grand slam bonuses." North and the referee laughed. Trezel, sitting West, joined in the laughter while Jais, sitting East, remained silent and looked very grave.

South went into a huddle after playing the ace of hearts and called for dummy's king of diamonds. When Trezel showed out, Jais turned to

Dixie Ignores Lincoln

By ARLEEN ABRAHAM
Associated Press Writer

"This is the South, son," replied John Wessels, aide to the governor of Virginia when asked if Virginia celebrates Feb. 12 — Abraham Lincoln's birthday — as a legal holiday.

No, Virginia does not observe the birthday of the 16th President of the United States, the man who emancipated the slaves and guided the Union during the harrowing days of the Civil War.

Neither does Alabama, Arkansas, Florida, Georgia, Louisiana, North Carolina, South Carolina, Mississippi or Texas. In fact, of the 11 states that seceded from the Union to join the Confederate States of America, only one — Tennessee — celebrates Lincoln's birthday as a legal holiday.

And history buffs know that Tennessee was the "Johnny Come Lately" to the rebel cause; it was the last state officially to secede. (Actually Kentucky and Missouri who sent representatives to the Confederate Congress were recognized by stars in the Confederate flag, although neither seceded. Both states celebrate Lincoln's birthday as a legal holiday.)

In case you're feeling sorry for all those school teachers, government, bank and other employees who are deprived of a holiday, don't start shedding any tears. They should be crying into their mint juleps or bourbon and water for you — if you tally up all their special Rebel celebrations.

Hawaii, Idaho, Maine, Massachusetts, Nevada, New Hampshire, Oklahoma and Rhode Island — all states which do not observe Feb. 12 as a legal holiday — don't even have Robert E. Lee's birthday in which to take consolation.

Since there are no national holidays in the United States, each state has jurisdiction over the days it will observe, designated by legislative enactment of executive proclamation. The President or Congress designates only for the District of Columbia and federal employees throughout the nation.

People, Events Of Yesteryears

25 Years Ago
Miss Lucille Johnson, a former Escanaba resident, and niece of Mr. and Mrs. A. H. Wadewitz, of 529 S. 9th St., was pictured in a recent edition of the Milwaukee Journal. She is a member of the WAVES and was shown with other young women receiving radio communications training at the University of Wisconsin.

50 Years Ago
Girls of the Escanaba High School who do not aid in Red Cross work will be branded as slackers, under the new system of checking by the authorities of the school. It is planned to have an honor roll, marking each girl for the time spent and the amount of work done for the Red Cross. Points will be awarded on the system.

Highway Fund Is Distributed

LANSING (AP) — The State Highway Department has started distribution of \$66.43 million in highway fund receipts collected during the last quarter of 1967.

The funds from gasoline and diesel fuel taxes and license plate fees were up \$1.72 million from the same quarter a year earlier.

The Highway Department will receive some \$31.22 million of the total, the counties about \$23.25 million and the cities and villages \$11.95 million.

This is under the formula set by the Legislature of a 47 per cent share for the Highway Department, 35 per cent for counties and 18 per cent for cities and villages.

The county share includes \$752,076 in snow removal funds distributed on the basis of the snowfall recorded in each county last year.

Recreation Grant
WASHINGTON (AP) — The Office of Economic Opportunity awarded a \$50,741 grant to the Allegan County Resources Committee in Allegan, Mich., for development of recreation programs.

Letters To Ann Landers

The Press

Contributions are welcome. They cannot be over 300 words and must be signed with name, address and phone number of writer and names will be used. The right to condense letters is reserved.

CLOSURE

We appreciate the write-up and pictures which the Press carried in your Jan. 30 issue, but there is one slight error. The Base Closure Committee hasn't been given one red cent to use in the study of the closure. The \$40,000 — which was received went to the Sault Industrial Council to use in promoting the use of the runways for a municipal air terminal for Sault Ste. Marie.

To date the Chippewa County Board of Supervisors have purchased stationery and postage for the Base Closure Committee. The members of the committee serve without compensation and the employers of the committeemen have agreed to give released time from regular duties in order that they may serve on the committee.

The figures quoted on the military payroll and on the civilian payroll are correct, but they don't go far enough. The Rudyard Township Schools have 70 employees in the two schools on the Base and 600 to 700 pupils from the Base who attend school in Rudyard.

There are numerous other business establishments that have people working on Kincheloe Air Force Base who are not considered to be civilian employees by the Base. Some of these are, N.C.R., IBM, telephone and electric utilities servicemen, also truck drivers for bakeries, dairies, dry cleaners and workers in the branch bank on the base just to mention a few of those who owe their employment to the existence of Kincheloe Air Force Base.

I think we do realize what the Base mean to the area, but perhaps we are not yet resigned to the loss of 11,000 Air Force people and what effect it will have on the economics of the area.

St. Ignace has eight employees at the oil terminal in that city and the City of St. Ignace realized around \$18,000 in taxes because the storage and pumping facilities are privately owned. Most of the oil is pumped to the Base.

The Base Closure Committee is studying the entire Base structure and this in itself is a gigantic task. We will try to utilize everything we can so that the Air Force personnel will be replaced with civilian personnel and thus soften the economic loss.

Harris Kahl, Chairman, Base Closure & Development Committee

Tumbler Of Scotch Changes Husband

Dear Ann Landers: This is for "Accompanied But Alone" — the woman who complained because every time she and her husband go to a party he belted down three martinis the moment they arrive and within half an hour he passes out cold and misses everything.

She is lucky. At least he is out of the way. She can forget about the fool and have a good time.

Whenever we go to a party, my husband tosses down half a tumbler of Scotch and in 30 minutes he changes from a decent, likeable person into a biggest jackass in 50 states. He becomes obnoxious, tries to grab the women and they run away from him. His conversation becomes vulgar and utterly pointless. He repeats himself until I want to scream, "Shut up, you idiot!"

Last Saturday, we went to a party in a rather small apartment. He got dead drunk as usual and went to the bathroom to throw up. Everyone in the place heard him retching and I wanted to drop through the floor.

Why would a highly intelligent man want to present such an unattractive image of himself? If you can figure it out you are a lot smarter than I am. Please print this. If he reads it, it might help.—BAFFLED

Dear Baff: This "highly intelligent man" hasn't the foggiest notion of the image he presents when he's bombed. If you try to tell him he is sure you are exaggerating.

To "quote" Robert Burns — O wad some Power the giftie gie us
To see ourselves as others see us!

It would from many a blunder free us, an' foolish notion.

Dear Ann Landers: Our daughter was born six days too late to enter school last fall. I went twice to talk to the principal but she said she was sorry, nothing could be done. Lizette is an extremely bright child and could keep up or surpass any child in the kindergarten. I know this to be a fact because Lizette plays with many of those youngsters and she is miles ahead of them all, mentally.

My husband and I feel that the school system is outmoded and that the rules should be changed. Doesn't make sense that children should be accepted

CLOSEUP OF egg collecting device which jets a mixture of air and water into the gravel in the stream bed, floating the salmon eggs out of the nests. Water flowing downstream washes the eggs into the collecting net. Eggs taken in Huron River System were viable and appeared to be developing normally.

Initial Coho Spawning 'Encouraging' In U.P.

BARRY MILLER (left), Baraga, anadromous fish biologist for the Conservation Dept., watches David Johnson, Escanaba, fish habitat biologist, operating salmon egg collecting device on Chink's Creek, a tributary of the Huron River.

FIVE-INCH PENCIL gives an indication of size of coho salmon eggs taken from Huron River system. Eggs are a bright orange. After washing with acetic acid, eggs become translucent and embryonic development within the egg can be seen with naked eye.

By KENNETH LOWE
Of Panax Newspapers

The first spawning of coho salmon in the Upper Peninsula has been "very encouraging," according to Asa Wright, Marquette, fish habitat biologist for the Conservation Department.

Checks by the department's fish division on the Huron River system in Baraga County this winter revealed that eggs deposited there by salmon last fall appear to be developing normally.

The eggs were laid by three-year-old salmon that were planted in the Big Huron River as year-and-a-half old fingerlings in May, 1966, in the department's first introduction of this species in the Upper Peninsula.

The fingerlings migrated rapidly downstream to Lake Superior and grew into adults that provided surprisingly good fishing last spring, summer and fall at widely scattered points along the south shore of the lake.

Return Mature
As mature salmon weighing five pounds and more, they returned to the Big Huron and entered certain other Upper Peninsula tributaries of Lake Superior to spawn and die — their life cycle completed.

Encouraged by the tremendous success of the coho planting program, the department last spring stepped up its salmon releases in the Big Huron and last fall transferred adult salmon from there to other Upper Peninsula streams in hopes of establishing additional salmon runs.

And this winter the department announced that hatchery reared cohos will be released next spring in these new waters—Anna River, Alger County, 175,000 salmon; Falls River, Baraga County, 60,000; Ontonagon River, Ontonagon County, 50,000; Sucker River, Alger County, 40,000; Cherry Creek, Marquette County, 25,000; Whitefish River, Delta County, 100,000; and Carp River, Mackinac County, 50,000.

The coho planting program is based on releases from stock reared in hatcheries, but department biologists are interested in learning if natural spawning can take place successfully in Michigan streams. If it can, hatchery operations possibly could be supplemented by natural spawning and hatchery costs reduced.

Checks made on the Huron River system suggest that this is a possibility.

Mark Spawning Beds

Department crews marked salmon redds (spawning beds) last fall to facilitate sampling this winter. The sampling was done with a salmon egg collector that Wright helped design while he was employed by the Alaska Dept. of Fish and Game. The device jets a mixture of air and water into the gravel, thereby bubbling the eggs out of the redds and into a collecting net.

"The sampling was very encouraging in that most of the eggs collected were alive and appeared to be developing normally," Wright said.

Eggs were collected from the West Branch of the Big Huron and from Chink's Creek, a tributary of the Huron.

It marked the first time this has been done in Michigan in this manner. Salmon eggs were collected downstate last fall, but a shovel was used to bring the eggs to the surface and many of them were damaged in the process. Eggs taken with Wright's device were in excellent condition.

Dormant In Cold

"Presently the water temperature in the Huron system approaches 32 degrees," Wright said. "Consequently, the eggs will remain dormant and develop very little until the water temperature starts to rise in mid-April. Barring any un-

Weather Kites State Jobless

DETROIT (AP)—Layoffs in Michigan, sparked by cold weather and deep snow, increased 27,000 in January to bring the jobless level to 140,000, Michigan Employment Security Commission reported Friday.

Unemployment increased 4.4 per cent in January, compared to 3.5 per cent in December.

"Most of the unemployment increase was outstate and included loss of jobs in construction at a level three times greater than that in the Detroit area," said Malcolm R. Lovell Jr., director of the Michigan Employment Security Commission.

"Closing of more outstate resorts and hotels, and a significant decrease in retailing, following the holiday season, caused most of the added joblessness," he said.

Detroit unemployment was up 9,000 to 61,000. State employment was 3,172,000 in January, with Detroit's at 1,575,300.

State employment a year ago was 3,162,000, with Detroit's at 1,552,500. A year ago, state unemployment was 138,000.

Bomb Haiphong After Month Of Lull For Peace

(Continued From Page One)

captured the railroad station and the soccer stadium and pounded the one Communist pocket left in the southern section of the city 400 miles north-east of Saigon.

Marine officers said their men have killed at least 1,100 Communists in the 11-day battle for Hue, not counting heavy casualties they believe were inflicted with their artillery attack on die-hard Communist defenders in the last 24 hours. There was no official figure on Marine losses, but they were estimated at 40 killed and 240 wounded.

The Viet Cong was flying its flag in the one-third of the old walled Citadel which it still controls in fighting against South Vietnamese attackers.

Five Yanks Executed

Authorities said at least five Americans—four civilians and one soldier—are known to have been executed by Communists in Hue. Most of the civilians and military personnel missing in the first chaotic days of fighting in the old imperial capital now have been accounted for, but official figures were not available. Some were captured but most were rescued by advancing U.S. Marines.

South Vietnamese headquarters said government troops repulsed a heavy mortar and ground attack by an estimated 800 Viet Cong guerrillas today on the provincial capital of Tan An in the Mekong Delta, 25 miles southwest of Saigon. It said 122 guerrillas and 11 government troops were killed and 11 government soldiers and 120 civilians wounded.

Shell Command Post

At the same time, the Viet Cong shelled a nearby U.S. brigade command post, reportedly killing four Americans and wounding 49.

At Pleiku in the central highlands, Communist mortarmen fired 30 rounds into the U.S. Army's Camp Holloway, killing four soldiers and wounding 36, U.S. headquarters reported.

Around Khe Sanh, the northwest frontier U.S. Marine base where a major Communist invasion is expected, U.S. planes attacked enemy positions and Navy pilots reported two secondary explosions at a Communist truck park.

\$15,000 Settles Dog Biting Suit

PONTIAC (AP)—A \$15,000 out-of-court settlement Friday ended a Pontiac dog-bite case involving a four-year-old boy.

Max Sielsky Jr. of Pontiac was playing at the home of Clarence Sutton of Pontiac last July 10 when the Sutton's dog reportedly attacked the boy, severely disfiguring his face and head. The dog was later destroyed.

The boy's parents filed suit in Oakland County Circuit Court claiming the dog should have been under control. The boy has since undergone plastic surgery.

Briefly Told

The Northern Hardwood & Pine Manufacturer's Association will hold its 58th annual meeting at the Northland Hotel in Green Bay, Wis., on Feb. 14 and 15.

foreseen changes in normal winter temperature conditions, the eggs should hatch about mid-May and the fry should migrate out of the gravel in early June.

Periodic checks on the condition of the spawn will be made until fry hatch and checks of spawning success in other streams will be made as time permits, Wright said.

Beneficiation Goes Electronic:

Copper Recovery From Waste Piles Planned

The Houghton - Hancock Chamber of Commerce has given formal encouragement to a new industry that plans to recover copper from mine waste piles in the Copper Country through use of new electronic recovery equipment.

Peter Koskela, secretary of the Houghton-Hancock Chamber announced its endorsement of the recovery industry project, said David Farrand, industrial development specialist of UPCA (Upper Peninsula Committee for Area Progress) of Escanaba.

The Minerals Recovery Corp., is the organization that will launch the new recovery process with waste rock piles in the Copper Country as its resource, supplying materials for years of recovery work.

Three years of research and development work have gone into the project, which includes feasibility studies by Kaiser Engineering Co. and other organizations, said Farrand. A contract has been made by Minerals Recovery Corp. and Copper Range Co. giving the recovery firm exclusive right to conduct operations on an estimated 4.2 million tons of poor rock bearing copper ores. Negotiations have also been entered with Calumet & Hecla, Inc., for about the same tonnage of waste rock from its operations.

The technique employed by Minerals Recovery, said Farrand, is a sorting system operated electronically for the separation of particles with high copper content from those with low copper content.

A battery of 7 sorting machines, together with a crushing-screening-conveyor system can process 400 tons of waste rock an hour.

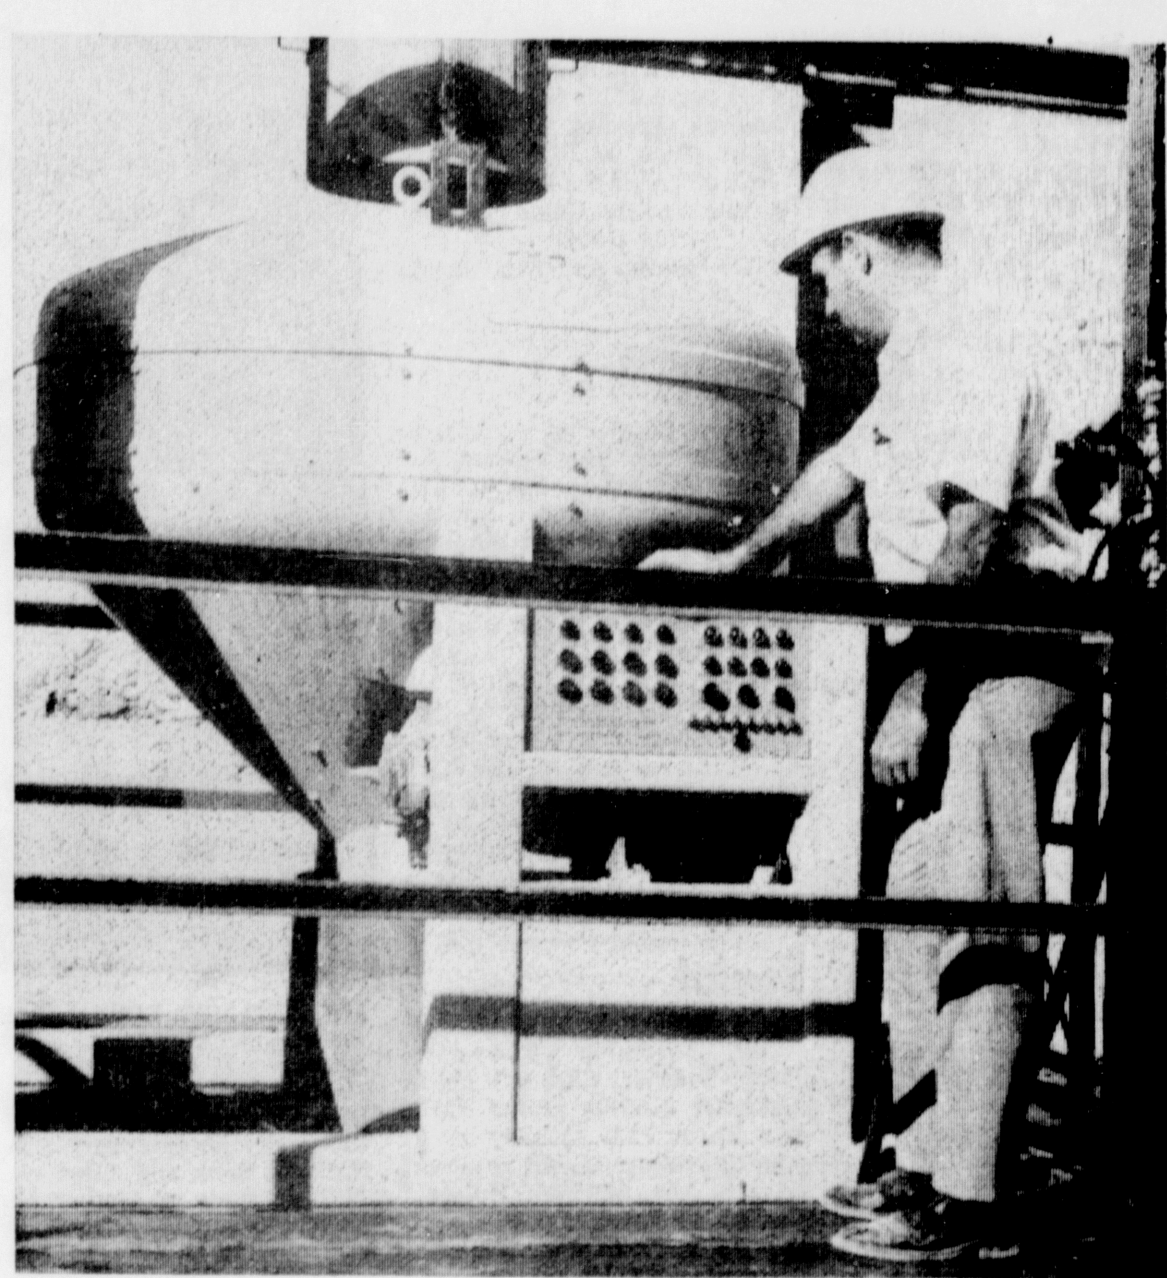

Herbert Clarke of Los Angeles is president of Minerals Recovery Corp. and the board of directors is composed of Clarke, William P. Nicholls, vice president of Copper Range Co., (which has White Pine Copper Co. as a wholly owned subsidiary); William Veese, vice president, Upper Peninsula Power Co., Herman Gundlach, president of Gundlach Construction Co., all of Houghton; Richard Reichel, president, International Sorting Systems, Inc., Santa Barbara, Calif.; and Farrand.

Select-Ore machines made by International Sorting Systems, which would be used in the Copper Country project, can be used in beneficiation systems in many mineral industries, like limestone, rock salt, barite, talc, feldspar, trona and a number of other minerals.

The sorting would be an innovation in metallic industry in the Upper Peninsula.

The crushed ore is chuted onto a spinning device which attracts pieces of ore by electronic process into channels which separate the rich rock from the poor.

The Alaska Highway, longest gravel road in America, was hastily built as a military road in 1942.

AN INTERNATIONAL Sorting System Corp., sorting machine is pictured in operation in California sorting limestone by color process. An electronic selector somewhat like this machine will be used by Minerals Recovery Corp. to work copper waste piles in the Copper Country to recover copper not removed by recovery methods available when the copper was mined.

Nuclear Weapon Four Michigan Viet Plan Denied Men Die In War

WASHINGTON (AP)—Sen. J.W. Fulbright, D-Ark., has written Secretary of State Dean Rusk asking for a report on rumors that United States is prepared to use tactical nuclear weapons if American forces meet military reverses in Vietnam.

Fulbright, chairman of the Foreign Relations Committee, said in a telephone interview he is "deeply concerned about this."

The question was raised Friday as to whether such weapons would be used if American troops are dealt a setback in the expected major battle at Khe Sanh, site of a massive Communist buildup.

White House press secretary George Christian branded as false a statement attributed to Sen. Eugene J. McCarthy, D-Minn., that the U.S. Command in Vietnam had asked for authority from President Johnson to use tactical nuclear weapons in an emergency. McCarthy denied making the statement.

Senate Democratic Leader Mike Mansfield said in an interview there had been only rumors of such action discussed within the Foreign Relations

Committee, of which he is a member.

Another member, Sen. Bourke B. Hickenlooper, R-Iowa, said he is satisfied tactical nuclear weapons will be quickly available to U.S. forces in South Korea if there's a North Korean attack. But he said he knew nothing about the situation regarding Vietnam.

Student Honors List Announced

KALAMAZOO — More than 1,100 students are included on the Dean's List for the fall semester at Western Michigan University. To be included in the select group a student must have compiled a 3.5 grade average (4.0 is all A's) while enrolled in at least 14 hours of class work. From the area are:

Escanaba: Christine Ann Barron, 912 S. 16th St.; Gary Lynn Butryn, Rte. 1, Box 252; Duncan Bruce Hebbard, 704 S. 14th St.; John Joseph Hughes Jr., 417 S. 16th St. Manistique: Thomas James Carlson, 222 Range St.

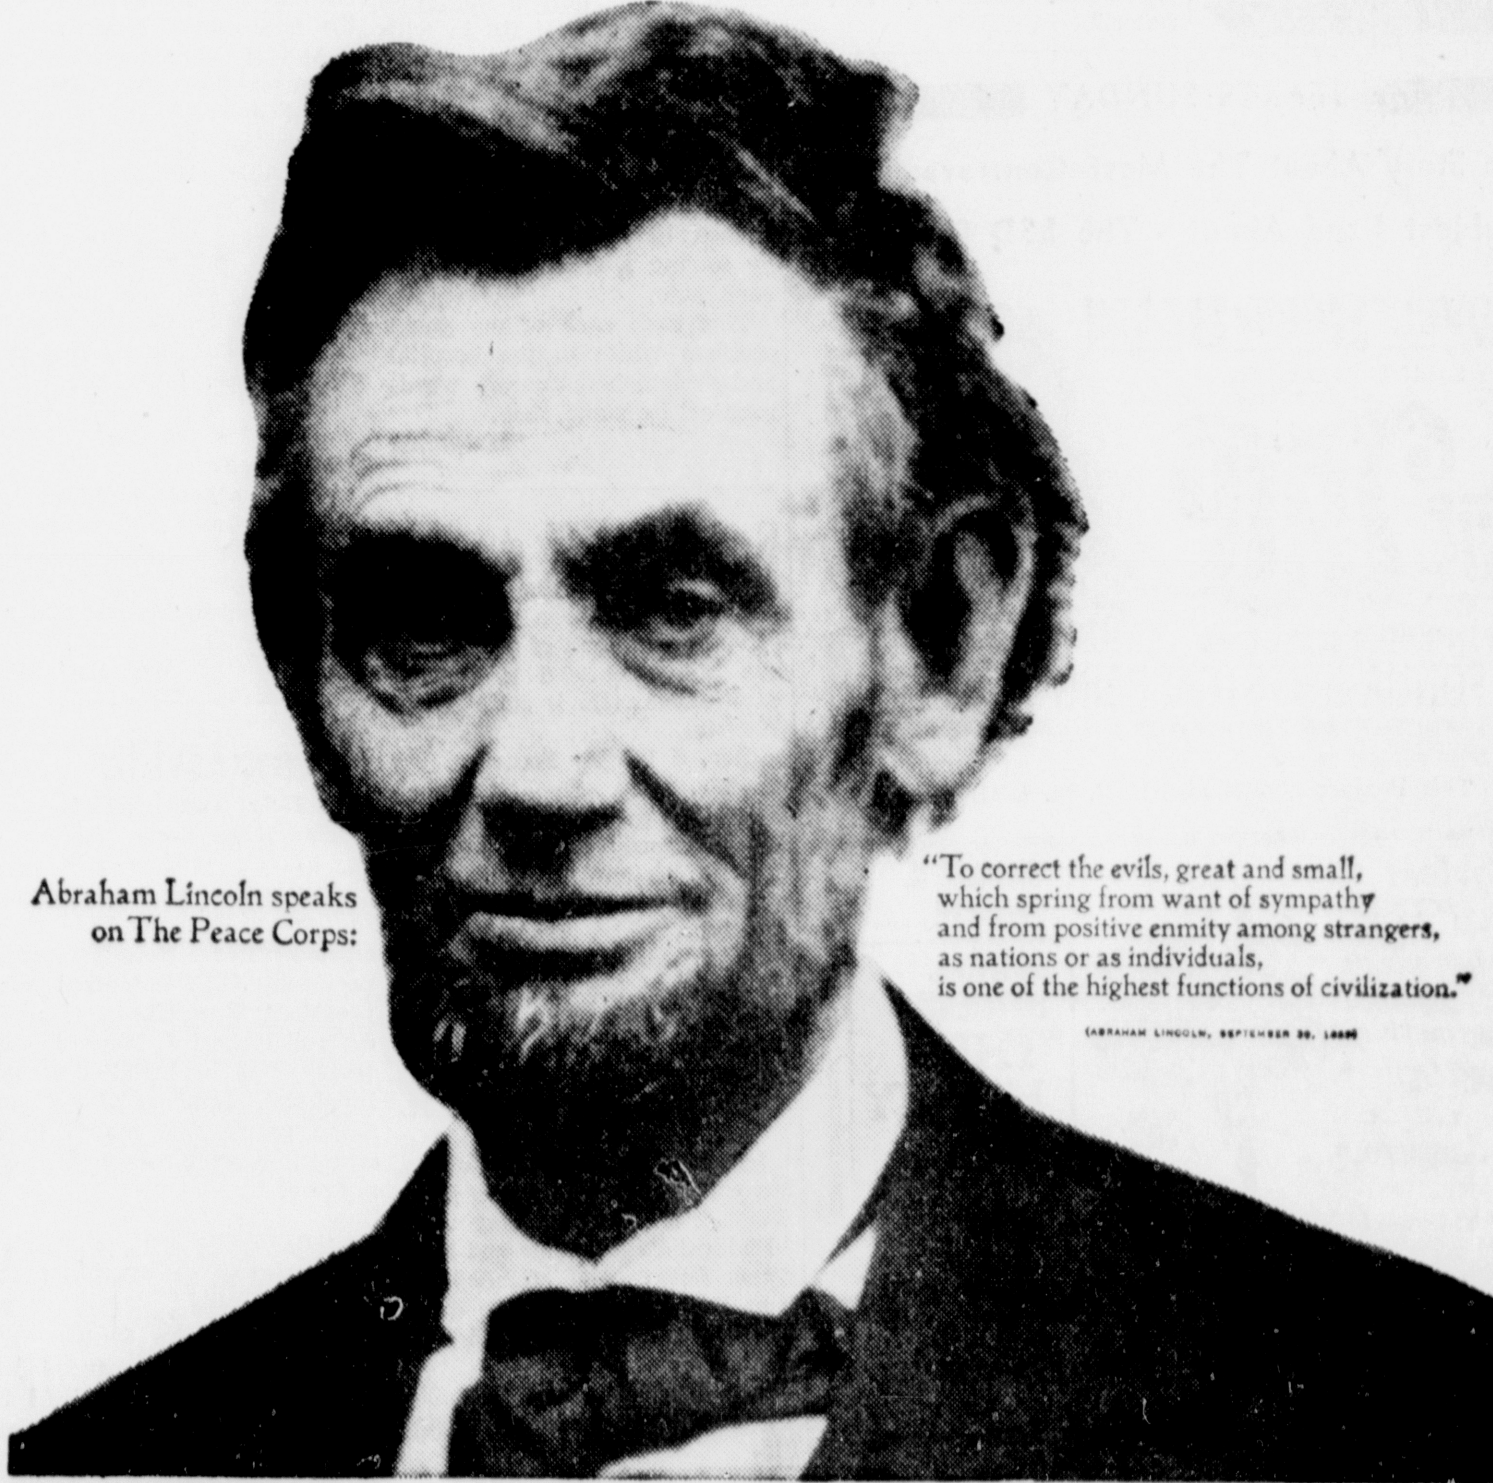

WASHINGTON (AP)—Four Michigan men were included on a list of 51 U.S. servicemen killed in Vietnam which the Defense Department released Friday.

They were Army Spec. 4 William A. Sawyer, son of Mr. and Mrs. Charles W. Sawyer of Rochester; Army Cpl. Edward J. Bova, son of Mr. and Mrs. Ralph F. Bova of Wayne; Army Cpl. Ronald W. Bryant, son of Mr. and Mrs. Douglas C. Bryant of Detroit and Marine Corps Pfc. Saul Zayas, son of Juan Zayas of Detroit.

Japanese Plan Car Firm Merger

TOKYO (A)—Fumihiko Kono, president of Mitsubishi Heavy Industries Ltd., announced Friday talks of a possible merger between his company's automobile division and two other car producers.

Kono said talks are being held with Isuzu Motors Ltd. and Fuji Heavy Industries Ltd. If the talks are successful, the merger would bring about Japan's third largest automobile maker.

Abraham Lincoln speaks on The Peace Corps:

"To correct the evils, great and small, which spring from want of sympathy and from positive enmity among strangers, as nations or as individuals, is one of the highest functions of civilization."

GLADSTONE

City To Open Furniture Bids

The City Commission of Gladstone, which lost its meeting table and chairs in a fire at the City Hall recently, will open bids on new furniture at its regular meeting Monday at 7:30 p.m. at the City Hall.

The opening of bids for the furniture was one of five items listed for consideration according to the agenda prepared by City Manager H. J. Henrikson.

Also scheduled is a public hearing on an electric ordinance to establish rates for the new senior citizens housing project, consideration of an amendment to the zoning ordinance, and discussion of a resolution from the Board of Education to enlarge the city trailer park.

The Commission is also expected to authorize the mayor and city clerk to execute a deed to the Housing Commission for the senior citizens housing site at the appraisal price.

Family Night Supper Sunday

The Evangelical Covenant Church will hold a regular Family Night Potluck supper at the church Sunday at 6 p.m. A special program including presentation of Trailblazer awards by Mrs. Loren Anderson, director, and films taken by Dr. Carl Olson of his trip to Florida and the Bahama Islands, will be presented at 7:30 p.m.

Members of the kitchen committee are Mrs. Linda Erickson, Mrs. Harold Goodyer, Sr., Mrs. E. R. Johnson and Mrs. Harold Nelson.

Briefly Told

Helen Lorge, 31, of Rte. 3, Rapid River, was ticketed for failure to stop in the assured clear distance after a two-car accident on U.S. 2 at the Pine St. intersection in Rapid River about 2:45 a.m. today. State Police said her car struck the rear of a car driven by Terrance Johnson, 26, Rapid River, as Johnson was making a left turn. Neither driver was injured, officers said. Peter Albrecht, 1721 Dakota Ave., was ticketed Friday for excessive muffler noise, and Robert Ohlson, Rte. 1, Carney, received a summons for speeding.

Social

Brampton PTC
The Brampton Township Parent-Teachers Club will hold a regular meeting at the Kipling Town Hall Monday at 8 p.m. Refreshments will be served with Mrs. Wilfred Groleau, Mrs. Elwin Elliot, Mrs. Michael Constantino and Mrs. William Marohnic as hostesses. A program is being planned.

Meeting Canceled
The Child's Welfare Club meeting originally scheduled for Monday evening has been canceled.

Obituary

MRS. RUTH DAVIS
Funeral services for Mrs. Ruth Davis will be held at 9 a.m. Monday at All Saints Church with Msgr. Matt LaViolette officiating. Burial will be in Fernwood Cemetery. Ladies Guild of All Saints Church will recite the Rosary at 3 p.m. Sunday at the Skradski Funeral Home and the WCOF at 4 p.m. Parish prayers will be recited at 8 p.m. Sunday.

Hospital

Vernon Peterson, of Kipling, returned home Thursday after being discharged from St. Francis Hospital where he has been a surgical patient for a past two weeks.

Jule Sinnave, Route 1, Rock, is a surgical patient at St. Luke's Hospital, Marquette.

Found Innocent

KALAMAZOO (AP)—Harvey Wierda, 47, of Zeeland, was found innocent by a federal court jury of eight counts of failure to pay U. S. income tax. The jury acquitted Wierda Thursday after four days of trial before District Judge W. Wallace Kent.

The poet, John Keats, wrote his own epitaph: "Here lies one whose name was writ in water."

Women's Activities

Dorothy Guenette Wed To Elmer D. McKnight

Sacred Heart Church in Schaffer, Mich., was the setting today, Feb. 10 for the wedding of Miss Dorothy Mae Guenette and Elmer Dennis McKnight of Milwaukee.

The Rev. C. J. Mark officiated at the double ring nuptials at 12 noon. The bride is the daughter of Mrs. Ruth Guenette of Rte. 1, Escanaba and the bridegroom is the son of James McKnight of 413 Delta Ave. Gladstone.

Satin Gown

The bride chose for her wedding a floor length white satin gown fashioned with an imported lace bodice and three quarter length sleeves. A shoulder length veil completed her attire and she carried a bouquet of white roses.

Maid of honor for her sister was Miss Mary M. Guenette of Milwaukee and bridesmaids were Lonnie Guenette of Hyde, sister of the bride and Bonnie Brown of Escanaba.

They were attired in floor length gowns styled with cowl necklines and short sleeves. The maid of honor wore moss green and the bridesmaids, gold.

Serving as bestman was Jerry Dillabough and groomsmen were James McKnight Jr., and Larry Guenette. Seating the wedding guests were Joe Guenette and Butch Irving.

Reception

For her daughter's wedding, Mrs. Guenette wore a green suit with matching accessories. The wedding reception is being held this afternoon and evening at the Bark River Hall.

The newlyweds will make their home in Milwaukee. The bride is a graduate of Escanaba Area High School and Mr. McKnight graduated from Gladstone High School.

Newcomers Club February Meet Held Thursday

The Escanaba Welcome Wagon Newcomers Club held their February meeting Thursday evening at the Central Methodist Church with Mrs. Ron Achterkirch, president, presiding.

Newcomers welcomed to their first meeting were Mrs. Jim Brent, Mrs. John Johnson, Mrs. John Beauchamp, Mrs. John Sheldner, Mrs. Michael Zuidema and Mrs. Doug Sievert.

Mrs. F. W. Schmitt presented an interesting slide program on Russia and Finland, where she visited this past spring. Members were informed of the program of the annual spring style show by Mrs. George Henes and Mrs. Paul Schilling, co-chairmen of the event.

The guest prize was presented to Mrs. John Curtis and bridge prize to Mrs. Roger Olson. Refreshments were served by Mrs. George Henes, Mrs. Paul Schilling, Mrs. Gary Bantle, Mrs. James Vicenzi and Mrs. Richard Stickman. Mrs. John Sankovitch instructed in bridge.

Church Events

Churches Observe Boy Scout Sunday

Boy Scout Sunday, Feb. 11, will be observed by Cub Scouts, Boy Scouts, Explorer Scouts and their adult leaders in nine churches in Escanaba.

Scouts will attend services in uniform as part of the Boy Scout Week observance marking the 58th anniversary of scouting.

The following churches invite Scouts and visitors to participate in their services:

Bethany Lutheran, 10:45 a.m.; Central Methodist, 9:30 and 11 a.m.; Christ the King, 8 and 11 a.m.; First Methodist, 10:45 a.m.; Immanuel Lutheran, 9 and 10:45 a.m.; St. Patrick, 8 a.m.; St. Thomas, 8 a.m.; St. Stephen Episcopal, 10 a.m.; United Presbyterian, 10:50 a.m.

Seney

Card Party
Several ladies attended a benefit card party at the Germfask Community Hall on Wednesday afternoon.

Cribbage Club
The Seney-Germfask Cribbage Club met at the Seney Townhall on Wednesday evening. Mr. and Mrs. Warren Anderson and Mr. and Mrs. Frank Sabel served lunch.

Birthday Party
Fred Birthdayshead observed his 75th birthday at his home on Sunday afternoon. Members of his family were present for the occasion.

Hints from Heloise

By HELOISE CRUSE

Dear Heloise:

What in the world do you do when you have a three-cushion sofa and invariably everyone sits on ONE end all the time and that cushion is wearing out?

I cannot afford to redo it.

Budgeteer

Don't wait until it wears out, honeychile. If your cushions are square, you are lucky. Switch those cushions every now and then. Don't do it every week because you will forget which one you changed. Do it every six months.

Take the middle cushion and put it on one end. I don't know why people don't sit in the middle of the sofa, do you?

Turn them over too, and if you are fortunate enough to have square cushions, even turn them BACKWARDS. This lends EVEN wear and tear.

If you have a T-type chair cushion, I suggest you also turn it over every six months. If you have two matching chairs, EXCHANGE the cushions.

Heloise

Dear Heloise:

I was faced with a lengthy stay in the hospital and had no one to do my personal laundry.

Rather than have too many gowns when I got home, I decided to buy only a minimum of nice gowns and fill in with lovely new slips. I purchased the slips in a size larger than I ordinarily buy and wore a bed jacket in the daytime. Then when I returned home I had a lot of pretty slips which I took in to my regular size by sewing a small seam down each side.

This took care of my gown problem while in the hospital and replenished my slip wardrobe at the same time.

Maryanne

Rock

In Service

Richard Tyni, son of Mr. and Mrs. August Tyni of McFarland has been promoted to Specialist 5th Class. He is stationed in Vietnam.

Spec. 5 Wayne Fournier, son of Mr. and Mrs. Clarence Fournier of Rock, returned home recently after a year of duty in Vietnam. He was a photo lab specialist A.I.T. with the 1st Cavalry Division, 11th Aviation Company at Bong Son. He received his basic training at Fort Knox, Ky., and Fort Monmouth, N.J. He was presented with the Army Commendation Medal on Nov. 17.

Briefs

Mr. and Mrs. Hugo Hoyertz are spending the winter in Lake Worth, Fla. Enroute they visited with their daughter and family in Detroit and attended the Rev. Peter Laaninen-Jean Ringstrom wedding in Bay City on Saturday.

Mrs. Mary Kanerva is spending the winter in Lake Worth, Fla.

Mrs. Albert Weldum and Mrs. Leslie Viitala attended the 4-H Council workshop at the Sherman Hotel in Escanaba on Tuesday.

Dear Heloise:

I keep a snap clothespin on each sun visor in the car to hold stamps, notes and unmailed letters.

Also, when I use my headlights on foggy mornings I snap one of the clothespins to my ignition key. When I reach my destination and turn off the motor, I find the clothespin on the key and remember to turn off my lights.

It has prevented many a run-down battery for me.

Mrs. Wm. J. Thomas

Dear Heloise:

I keep a teaspoon in the toothbrush holder in my bathroom.

It's real handy when I need to take liquid medication and is especially convenient for upstairs bathrooms.

Mother

Dear Heloise:

I am a high school student who makes most of my own clothes.

Many times I have to allow a little on the pattern so that the garment will fit just right. Frequently I forgot to do this. Then I got this idea:

When there is a seam that needs to be allowed one-half an inch, I write this amount on each piece of the pattern near that particular seam with a felt pen. Then when I am cutting out my garment I see the note and it reminds me.

And if more than one person uses the same pattern, it would be very simple to put the initial of the one that needs this allowance next to the note.

Nancy Green

Dear Heloise:

When school children get tired of the usual foods for breakfast, try soup. It's hot and filling.

My children love it and eat it quite often.

Mrs. Earl Moss

Hermansville

Holy Name Society

The Holy Name Society of St. Mary's Church will meet after the 8 a. m. Mass Sunday in the parish hall. The newly elected officers Donald Hornik, president; Cliff Gustafson, vice president; Ernest Dani, treasurer; and Robert J. Menard, secretary, will be installed at the breakfast. Members of the holy name group will march in a group to receive corporate communion.

Walter Gawron Jr. is a medical patient at St. Francis Hospital, Escanaba.

Sportsman's Club

Lenny LaCourse and John Malone of the Sportsman's Club checked the oxygen content at the Hermansville Lake and found it had dropped to 3 parts per million, 2 parts is critical. If the content continues to drop, outboard motors may have to be used again.

MR. AND MRS. DONALD T. McLEAN of Tacoma, Wash., announce the engagement of their daughter, Monica Kathleen, to John Ivan Kobasic, son of Mr. and Mrs. Ivan Kobasic of Escanaba. Miss McLean is a graduate of the University of Washington where she was affiliated with Delta Delta Delta sorority. She is currently working in Heidelberg, Germany. Her fiancé graduated from Holy Name High School and Northern Michigan University where he was a member of Delta Sigma Phi fraternity. He is presently stationed with the U. S. Army in Frankfurt, Germany, working as an announcer and producer for the American Forces Network — Europe. He had previously been employed as a radio broadcaster in Michigan and New Jersey. A March wedding is planned after which the couple will reside in Frankfurt for an indefinite time.

Events

Job's Daughters
Bethel 9 daughter of Mr. and Mrs. Dan Dugas, was guest of honor at a birthday party Wednesday afternoon, Feb. 7, at her home. Games were played and each child was presented with a prize. The luncheon table was centered with a brown teddy bear cake made by Donna's mother.

VFW Auxiliary
The VFW Auxiliary will hold a regular meeting Monday at 8 p.m. Monday at the VFW Hall. Ethel Skoglund will be the lunch chairman.

Ever serve cooked cauliflower with Hollandaise Sauce? Fit for an epicure! To use the cauliflower on a "vegetable plate," add green peas, broiled or baked tomatoes and baked stuffed yams.

Bark River

Birthday Party

Donna Dugas, five year old daughter of Mr. and Mrs. Dan Dugas, was guest of honor at a birthday party Wednesday afternoon, Feb. 7, at her home. Games were played and each child was presented with a prize. The luncheon table was centered with a brown teddy bear cake made by Donna's mother.

Present for the occasion were:

Julie and Scott Palmgren, Mike Michel, Theresa and Joey Bugay, Lori Teal, Kent Bergstrom, Tom, Sherrie and Tim Murray, Greg Anderson, Allen and Tammy Palmgren and Donna's brother, David.

Treat Her To A Movie!

In This Corner

With RAY CRANDALL

In the recent column on the growth of wrestling in the Upper Peninsula there was a mixup in the records listed for two Escanaba matmen . . . Terry Brayak is the 165 pound junior who owns a 9-2 season record and a 26-3 career mark while John Bennett is a 180 pound senior with 10 victories in 11 matches this season . . . The Eskymos will be in action on their home floor against Iron Mountain tonight.

With district basketball tournaments just around the corner, it might be interesting to note that the pairings for the regionals have already been drawn . . . Using a number system, the pairings were made in advance as follows, in Class B: Iron River district champion will meet the Gladstone district champion and the Iron Mountain and Negaunee district winners will meet in the semifinal games at Northern.

The latest Michigan High School Athletic Association bulletin also reveals that Escanaba will be host to three regional track meets next spring with a field of 17 schools competing in classes D, C and A-B on May 18 . . . Qualifiers will advance to the Upper Peninsula finals the following weekend at Northern.

Split pickers: Doris Costley and LaVerne Bryers 6-7-10, Lucille Rockman 2-10 and Shirley Rolstad 6-7.

The Iron River Redskins needed a pair of overtime periods to hand arch rival Stambaugh a 63-62 setback in the Menominee Range Conference this week . . . The narrow victory moved Iron River into a tie for first place in the Range race with Crystal Falls, both owning 8-2 records . . . Clutch baskets by John Gendzwil in the closing seconds of the first and second overtime periods providing the Redskins with the triumph.

The son of a former Upper Peninsula high school and Marquette University basketball great is one of the top prep stars in Illinois this season . . . Bob Kivisto, who is coached by his dad, Ernie, is playing for East Aurora High School this year after a brilliant three year career at Union High in East Moline, Ill. . . He is ranked high in the top 500 prep players in the nation in this year's Basketball Annual, a national publication.

Munising came up with a surprise wrestling victory over Marquette this week, whipping the Redmen by a 31-17 margin . . . The Mustangs won seven of 12 matches, five by pins, in handing Marquette its second dual defeat of the campaign . . . The undefeated Eskymos are the only other team with a victory over Marquette.

Injury Jinx Strikes American Olympians

GRENOBLE, France (AP) — A record-breaking blonde from Helsinki dashed American hopes for another speed skating medal coup in the Winter Olympics today and the injury-plagued U.S. ski team lost teenager Karen Budge before the start of the women's downhill race, won by Austria's Olga Pall.

The United States finished out of the medal running in all three of the day's early events—the women's 1,500-meter speed skating test, the girls' downhill and the men's 15-kilometer cross-country ski race.

Finland's Jaika Justonen set an Olympic record of two minutes, 22.4 seconds and Dutch girls finished 2-3 in the speed skating event. Miss Pall, a shapely 20-year-old brunette, beat Isabelle Mir of France and Austrian teammate Christl Haas with a brilliant 1:41.33 clocking in the downhill. Norwegian lumberjack Harald Groenningen took the 9.3-mile cross-country grind in 47 minutes, 54.2 seconds, outdistancing defending gold medalist Eero Maenytanta of Finland.

Miss Budge, 18-year-old downhill star from Jackson, Wyo., suffered a dislocated shoulder in a freak mishap on the practice course about an hour before the start of the race on the slopes above Chamrousse.

It was highly improbable she would be recovered in time to go in the giant slalom next Thursday, final women's Alpine event of the Games.

Jerre Elliott and Jim Barrows, both of Steamboat Springs, Colo., were injured in spills during the men's downhill Friday.

"It's like a nightmare—all these injuries," said Bob Beattie, coach of the U.S. Alpine team. He said there was a slight chance Karen would be able to ski in the giant slalom.

Miss Budge, who had been the top U.S. medal hope in the downhill, was testing her ski wax on the practice slopes when a male skier from another team cut across her path. She came to an abrupt stop and avoided the man but then tumbled.

She was taken to the Olympic village in Chamrousse for treatment.

Newcomer Kiki Cutter, 18-year-old college coed from Bend, Ore., made the best showing of the three U.S. girls who started the race. She finished 17th with a time of 1:44.94.

Sandra Shellworth of Boise, Idaho, added to the downhill contingent after Robin Morning broke a leg in practice last Monday, was 21st in 1:46.53 and Suzy Chaffee of Rutland, Vt., 28th in 1:48.50.

Miss Pall made her winning run minutes after Miss Mir, of France's highly-rated girls' team, had taken the lead with a 1:41.33 clocking. Miss Haas, the 1964 gold medalist in the downhill, finished in 1:41.41 to capture the bronze award.

"I had a perfect run," said Olga. "Naturally I had hoped to win, but I didn't dare think of my chances. I am the happiest girl in the world."

Marielle Goitschel of France and Canada's Nancy Greene, two of the pre-race favorites, finished eighth and 10th respectively. "I'm very disappointed and I'm not sure how to explain it," said Miss Greene, the 1967 World Cup titlist. "It was a really bad day."

Dianne Holm of Northbrook, Ill., one of the three U.S. speed skaters who finished in an unprecedented triple tie for the silver medal in Friday's 500-meter test, was paired with Miss Justonen today in the 1,500-meter race against the clock.

But Dianne had to settle for a 13th place finish, in 2:28.5, while veterans Jeanne Ashworth of Wilmington, N.Y., and Jeanne Omelechuk of Warren, Mich., came in 16th and 25th.

Trenary Topples League Leaders

TRENARY — The Trenary Comets, defending Central League champs, tightened up the loop standings Friday night by knocking off front running Rapid River, 87-82, in an overtime thriller.

The victory gives Trenary a 7-3 record against Rapid River's 6-2 Central mark.

Tim Harris came off the bench in the overtime frame to toss in six points. The 6 foot junior replaced Greg Begovae, also a junior, who fouled out after pumping in two field goals in the overtime. The Comets outscored the Rockets, 10-5, in the extra period after the teams had battled to a 77-77 deadlock in regulation time.

Four Trenary players reached double scoring figures, headed by John Trotter whose

Marine Height Too Much For Escanaba Cage Quint In Non-Conference Clash

MARINETTE — Unable to cope with the towering height of Marinette's front line, the Escanaba Eskymos went down to a 78-54 defeat here Friday night.

Bob Bartkowiak, Bruce Magnuson and Randy Begotka swept the boards for the Marines who outbounded the shorter Eskymos by a stunning 37 to 19 margin.

The Marines also used their superior height to great advantage on offense. They concentrated on penetrating the Esky defense for short jumpers inside the free throw lane and came out with a torrid 28 buckets in 52 attempts for 53 per cent.

In addition, the Marines were hot from the foul line where they tossed in 22 of 30 attempts.

Marinette broke from the starting gate for a 20-11 lead in the first quarter and padded the margin to 37-21 at intermission. The Eskymos rallied to remain within seven points in the last two quarters.

Bartkowiak led four Marines in double scoring figures with 28 points. He fired in nine baskets and added 10 free throws.

Dan Mylander turned in an outstanding performance for Coach Bill Howes. The junior standout drove well against the Marinette zone and clicked for six field goals. He added 10 of 11 from the foul line for his 22 point total. John Moberg, another Esky junior, also turned in a strong game and contributed 11 points.

The Eskymos connected on 19 of 57 shots from outcourt for 33 per cent and added 14 of 21 from the gift line.

Redskin Reach Century Mark For Fourth Time

HERMANVILLE — Coach Don Hill's Hermansville Redskins soared over the century mark for the fourth time this season by blasting Pembine, 112-58, in Big Six Conference action.

The victory was Hermansville's 13th in 14 starts this season and boosted the Redskins back into a tie for first place with Channing atop the league standings. Channing is the lone team to defeat the Redskins this season, turning the trick by 82-53 margin early in the campaign.

It was strictly no contest after the deadly Redskin shooters melted the nets with 47 points in the second period. That gave them a 74-34 halftime advantage.

Randy Fochesato led the Hermansville attack with 31 points. He hit 29 in the first half and saw little action after that. John Whitens followed with 26 and three mates also reached double figures.

The Redskins fired home 41 field goals in 105 shots for 39%. Senior Christine McClure was crowned homecoming queen in halftime ceremonies.

Hermansville won the jayvee game, 56-40.

Golden Gloves Finals Tonight

GRAND RAPIDS (AP) — Ten Michigan State Golden Gloves boxing champions will be selected in the state finals tonight to represent Michigan in the National Golden Gloves tournament at Salt Lake City, Utah, in March.

Seven 1967 state winners return to the ring at the Civic Auditorium with hopes of repeating their championships. A total of 45 bouts are planned in the tournament for amateur boxers.

Among the returning champions are Cleo Franco, Robert Every, Rich Ford and Dave Thach of Lansing, Tim Reynolds and Luke Matthews of Flint and Ben Carter of Grand Rapids.

Flint, with 56 points last year, is the defending team champion and will be shooting for its second straight Stephen Griffin Championship Trophy.

The first bout is slated for 7 p.m.

Rock Snaps Loss String

BARK RIVER — The Rock Little Giants snapped a five game losing streak and registered their second triumph of the season here Friday, spilling the Bark River-Harris Broncos by a 55-54 edge in Central League competition.

The game was nip and tuck through the second half with the lead changing hands on each field goal. Bark River had an opportunity to salvage the victory in the closing seconds but missed the final shot of the game.

Tom Lippens led the winners with 14 points and was matched by Dick Teal of the Broncos.

Rock was outscored by three field goals but won it from the foul line by converting 15 of 22 opportunities. Bark River made eight of 20 from the stripe.

Rock's jayvees won the preliminary game, 40-48.

Crisler Checks U-M Infraction

ANN ARBOR (AP) — University of Michigan athletic director H. O. "Fritz" Crisler said after a Friday night meeting of the school's Board in Control of Intercollegiate Athletics that "some corrective steps have already been taken" concerning possible infractions of Big Ten rules by U-M athletes.

Allegations were made in the student newspaper, The Michigan Daily, that some athletes have been receiving special discounts and free passes from some Ann Arbor merchants.

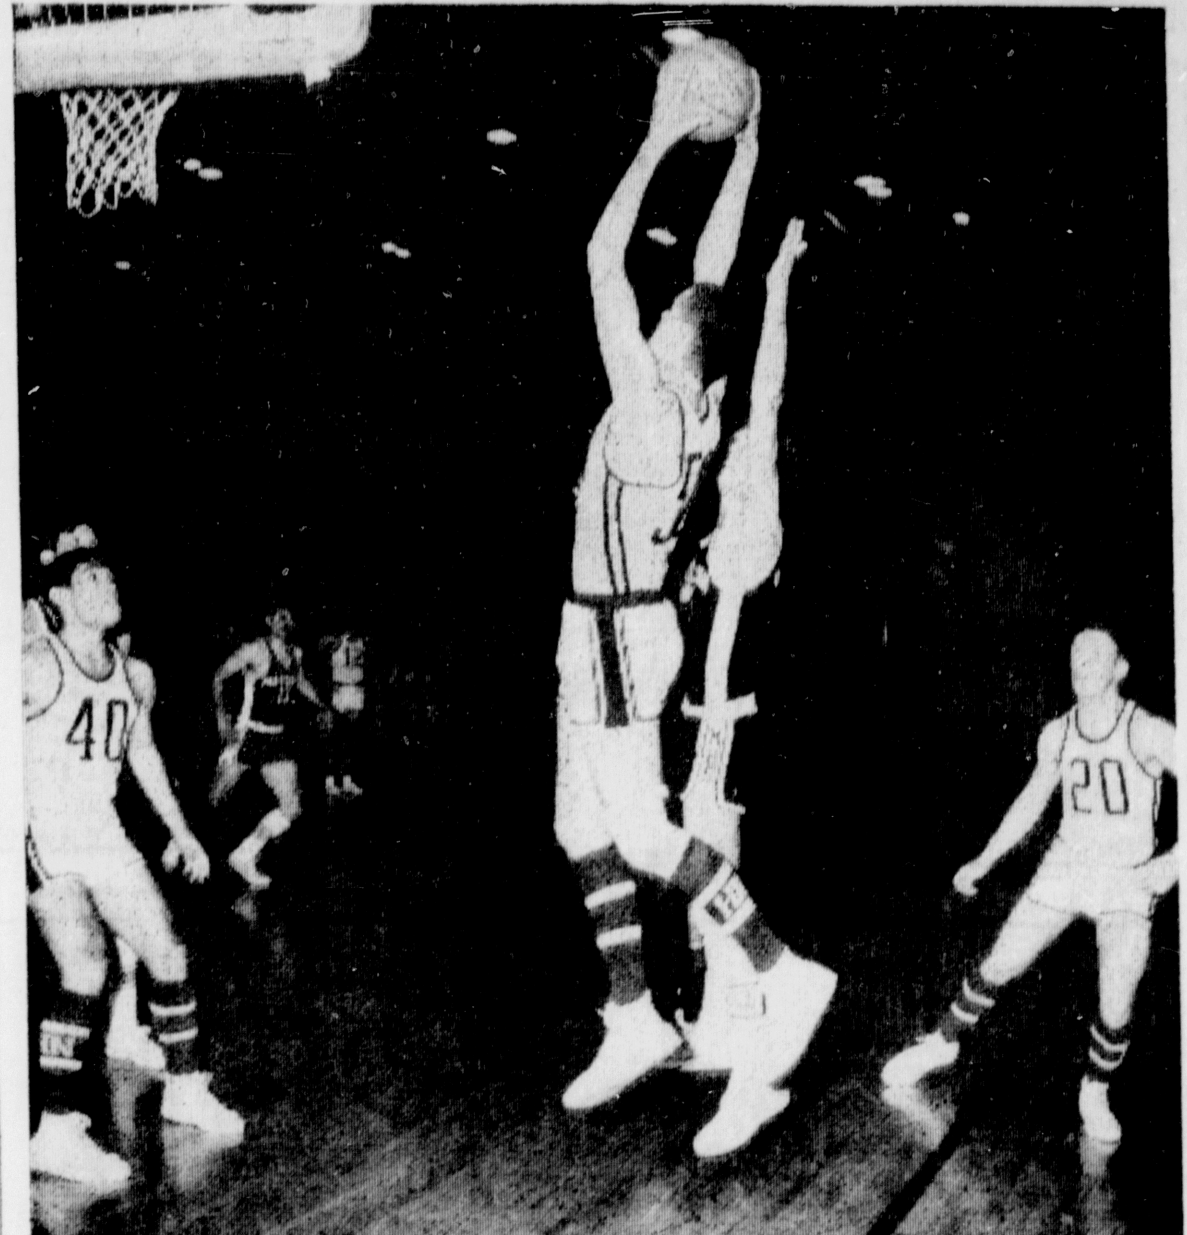

Redmen Decision Gladstone Quint

MARQUETTE — The Gladstone Braves turned in one of their best performances of the season here Friday night but it wasn't good enough and Coach Bill Wood's quint dropped a 75-69 Great Lakes Conference decision to the Marquette Redmen.

Leading the Redmen assault was 6 foot 4 inch Larry Ruffatto who blistered the laces with 13 field goals and eight gift shots for a husky 34 point total. The Marquette deadeye canned 13 of 23 from the floor and 8 of 11 from the line.

The Braves were only one field goal short, 29 to 28, but skidded from the free throw line. Marquette converted 17 of 24 opportunities off 18 Gladstone fouls. Gladstone made 13 of 17 attempts from 10 Marquette personals.

In spite of the setback, Gladstone's floor game was above par as the Braves committed only 11 turnovers. They also

TERRY DUFOUR, Holy Name's 6 foot 4 inch junior center, goes up for a field goal against Menominee in the game here Friday night. The Maroon attempting to block the shot is Pat Miller. At the left is Dan Young (40) and at the right is Chris Young. (Marquette Eagle Star Photo)

State Champs Whip Crusader Cage Five

The Holy Name Crusaders slugged it out toe-to-toe with the state champion Menominee Maroons for nearly two quarters here Friday night before going down for the count, 56-37, in a Great Northern Conference basketball clash.

Menominee was 15 points under its average of 71 per game and shot only 34 per cent from the field, but the Great Northern champs ran their season victory string to 14 games and their two-season streak to 22.

Holy Name refused to fold before a first quarter surge that put Menominee ahead, 12-6, and remained within shooting distance until the closing two minutes of the first half. A 10 point spurt by the Maroons gave them a 29-18 cushion at the intermission.

Miller Gets 26

The Crusaders had a miserable time from the field, hitting on only 16 of 69 shots for 23 per cent, and were never able to threaten in the second half.

Although they shot only 34 per cent (20 of 69) the Maroons dominated the boards and collected many of their buckets on rebounds and tips.

Pat Miller, 6 foot 3 inch senior, was the major factor in Menominee's victory with 26 points and a whopping 17 rebounds. He flipped in eight field goals and 10 free throws, scoring 12 points in the first half and 14 in the second. He was the only Menominee player in double scoring figures.

Stage Brief Rally

Most of Menominee's margin came from the free throw line. The Maroons outscored Holy Name by only four field goals, 20-16, but converted 16 of 26 opportunities from the charity stripe. The Crusaders had only 11 chances from the line, on eight Menominee fouls, and made five of them.

After falling behind by 29-18 at halftime, Holy Name hung on in the third period and staged a brief rally in the final quarter. A flurry of buckets by Al Grabowski and Terry Dufour early in the fourth frame narrowed the deficit to eight points at 41-33 but Miller put it out of reach for Menominee by hitting seven quick points and both coaches emptied their benches in the final minute of action.

Grabowski led Holy Name in scoring with 12 points and Dufour was the top Crusader on the boards.

Holy Name's jaycee team turned in its finest performance of the season with a 71-53 decision in the preliminary.

VanDamme Hits 35 Point Night Against Felch

FELCH — The Perkins Yellowjackets stepped out of the Central League Friday night to pin a 79-62 setback on the Felch Foresters of the Big Six loop.

Art VanDamme displayed his scoring ability with a 35 point performance for the 'Jackets while Paul McNutt chipped in 18 and Joe Couillard 14.

The front line trio also teamed up to snare 43 rebounds for Perkins. The Yellowjackets hit on 32 of 76 shots from the field for an impressive 42%.

The victory was the fifth in a row and ninth against five defeats overall for Coach Verne Nelson's team.

Felch won the jayvee game, 45-24.

Mackinac Bows In Cage Clash

ROCHESTER (AP) — Tom Allen collected 24 points and John Blocher pushed 22 to lead Oakland University to a 100-67 victory Friday night over Mackinac College in a nonleague basketball game.

Les Groves was top scorer for Mackinac with 23 points. Oakland's season record is 4-12. Mackinac's mark is 2-14.

Football coach Lloyd Eaton of Wyoming has a six-year mark of 43-16-2 at the Laramie, Wyoming school. His last two teams were unbeaten in Western Athletic Conference games.

SPORTS MEMORIES!

Highlights from the world of Sports of a decade ago . . . Do you remember?

Second Week
February, 1958

- A pair of free throws by Mike Mieski with seven seconds left in the game gave the Escanaba Eskymos a 56-54 squeaker over the Gladstone Braves.
- The Green Bay Hornets gave the Escanaba Hawks hockey team a skating lesson in a 7-2 exhibition win over the local team. Buddy Brown and John Brown scored for the Hawks.
- The Holy Name Crusaders, led by John Jacobson's 21 points coasted to their 11th victory of the season, a 73-41 pasting of Marinette Lourdes.
- Sub guard Wayne Finman came off the bench in the fourth quarter to spark the Escanaba Eskymos to a come-from-behind 59-52 win over the Marinette Marines for their second win of the week.
- Patti Rosemurgy in the 15 and over class, and Jean LeCaptain in the 6 to 9 age group, won Upper Peninsula skating crowns at the meet held at Kingsford.

Pistons Beaten By Celtic Quint

DETROIT (AP) — The Detroit Pistons, still in the midst of a three-team fight for the final playoff spot in the National Basketball Association's Eastern Division, take on the Baltimore Bullets tonight in Detroit.

Two College Teams Just Barely Miss Upset Bids

By The Associated Press
The Oregon State Beavers and the Dartmouth Indians just weren't lucky. Otherwise they would have made college basketball history with two outstanding upsets.

Frazier Faces Former Enemies

KIAMESHA LAKE, N.Y. (AP) — The only two fighters who have met both Joe Frazier and Buster Mathis as pros turned up at Frazier's training camp Friday and worked out with the unbeaten Philadelphia heavyweight.

Golfers Shatter San Diego Par

SAN DIEGO, Calif. (AP) — Tom Weiskopf led a beating on par entering the third round of the \$150,000 Andy Williams-San Diego Open golf tournament today as Jack Nicklaus "shut off like a faucet" and Arnold Palmer "ran out of gas."

MANISTIQUE

Daily Press Appointment

Barbara Johnson Is Bureau Chief

Appointment of Mrs. Hudson Johnson as manager of the Escanaba Daily Press' office in Manistique was announced today by Jean Worth, editor of the Press.

She starts her new duties on Monday.

Mrs. Johnson is the former Barbara Jean Sheahan, daughter of Mrs. William J. Sheahan and the late Mr. Sheahan, who

was prosecutor of Schoolcraft County for 30 years.

A Manistique High School graduate, she attended St. Mary's Academy, Monroe, Mich., Michigan State University and Northern Michigan University.

Mr. and Mrs. Johnson and their four children live at 500 Range St. Johnson is employed in the Plant Department of General Telephone Co., in Manistique.

She has done free lance reporting for the Ludington Daily News and for WKLA in Ludington.

Miss Margo Nygard will assist Mrs. Johnson in staffing the Manistique area office of the Press, 118 S. Cedar St., Manistique, telephone 341-5529.

Plan August Flouride Clinic

A clinic for Topical Flouride dental applications is in the planning schedule for the month of August by the Alger-Schoolcraft Health Department in co-operation with the Manistique Area Schools and the Michigan Department of Health.

This preventive dental health program is offered to parents of 4-year olds, and children who have completed Kindergarten, 2nd, 5th, and 8th grades. It is offered to the rural areas who do not have the advantage of flouridated water.

A 40-per cent less dental decay has resulted from the effectiveness of this treatment. The service includes a dental inspection, a cleansing of teeth and four applications of sodium flouride solution.

A nominal fee is charged to pay the cost of supplies and service. More complete plans for appointment will be announced at a later date.

Social

Bridge Club
Mrs. Edward Doyle entertained members of her bridge club on Thursday evening at her home on Lake Street.

Bridge awards were received by Mrs. John Carstensen, Mrs. Donald Hohlak and Mrs. Doyle. Mrs. Carstensen, Mrs. Fred Gorsche and Mrs. Donald Schulze were guests.

★ ★ ★
Bridge Club
Mrs. E.J. Thompson entertained members of bridge club Thursday, evening at her home. Prizes were awarded to Mrs. Fred Cayia, Jr., Mrs. Earl H. LeBrasseur and Mrs. Carl Makel. The special award was won by Mrs. Russell Fagan. Mrs. Bernita Earle was a guest.

★ ★ ★

Feb. 14, 8 p.m. — Westminster Circle will meet at the home of Mrs. David Setterlund. Mrs. Charles Bontekoe will be hostess, with Mrs. Phillip Ott and Mrs. Robert Masters in charge of the program.

Births

FAGAN — Mr. and Mrs. Kenneth Fagan, Rte. 1, are the parents of a girl born Feb. 8, and weighing 9 pounds, 3 1/4 ounces. The mother is the former Joanne Erickson.

Book Is Memorial For Mrs. McGlynn

"Hell In A Very Small Place," by Bernard B. Fall has been presented to the Manistique School and Public Library as a memorial to the late Mrs. W. F. McGlynn.

The new publication, presented by a co-worker at the Schoolcraft Memorial Hospital, is a graphic description of the siege of Dien Bien Phu and is illustrated with 32 pages of photographs and 30 maps.

The book is now available for circulation.

Hospital

Admitted to Schoolcraft Memorial Hospital were: Joanne Fagan, June Porter, Patrick Thompson, Max Simmons, Bruce Wallace and Mike Sledz. Discharged were: Carol Hardy, Brenda Wallace, Elizabeth Polachek, Sherri Mowery and James Andrews.

Briefly Told

State Police reported a car driven by Amable John Goudreau, 40, of Gulliver hit a deer on U.S. 2 in Nahma Township near St. Jacques Hill at 6:30 p.m. Feb. 8.

★ ★ ★
The Certified Public Accounts firm of Schneider, Larche, and Haapala has recently opened a branch office in Manistique.

Jobs Needed To Prevent Violence Declares Dr. King

PHILADELPHIA (AP) — The Rev. Dr. Martin Luther King said Friday if government and industry don't find massive new jobs for the unemployed, especially the Negro youth, "many of our cities will go up in flames this summer."

"I don't predict violence," King told a news conference, "but realism impels me to admit... there is a real possibility riots will be developed."

The Baptist minister, here to recruit a battalion of unemployed for an April march on Washington, said he couldn't pinpoint any particular city in the United States that might be sacked by rioting except to generalize with "all cities where Negroes live in large numbers."

NSA Conference

YPSILANTI (AP) — The Michigan Region of the National Student Association is holding a two-day student power conference at Eastern Michigan University today and Sunday. New York attorney Allard Lowenstein is scheduled to speak Saturday night and former Michigan Democratic Chairman Zolton Ferency is slated for Sunday night.

In Memoriam

Larson

In loving memory of Myron Edward Larson who passed away one year ago, February 11, 1967.

Somewhere back of the sunset, Where loneliness never dies, He lives in the land of glory, Mid the blue and gold of the skies. Come from us who loved him, Into heaven to rest. The home of our loving Savior, Sweetly his soul to rest. His life is a beautiful memory, His absence a silent grief, He sleeps in God's beautiful garden, In the sunset of perfect peace.

Sadly Missed By The Myron Larson Family
